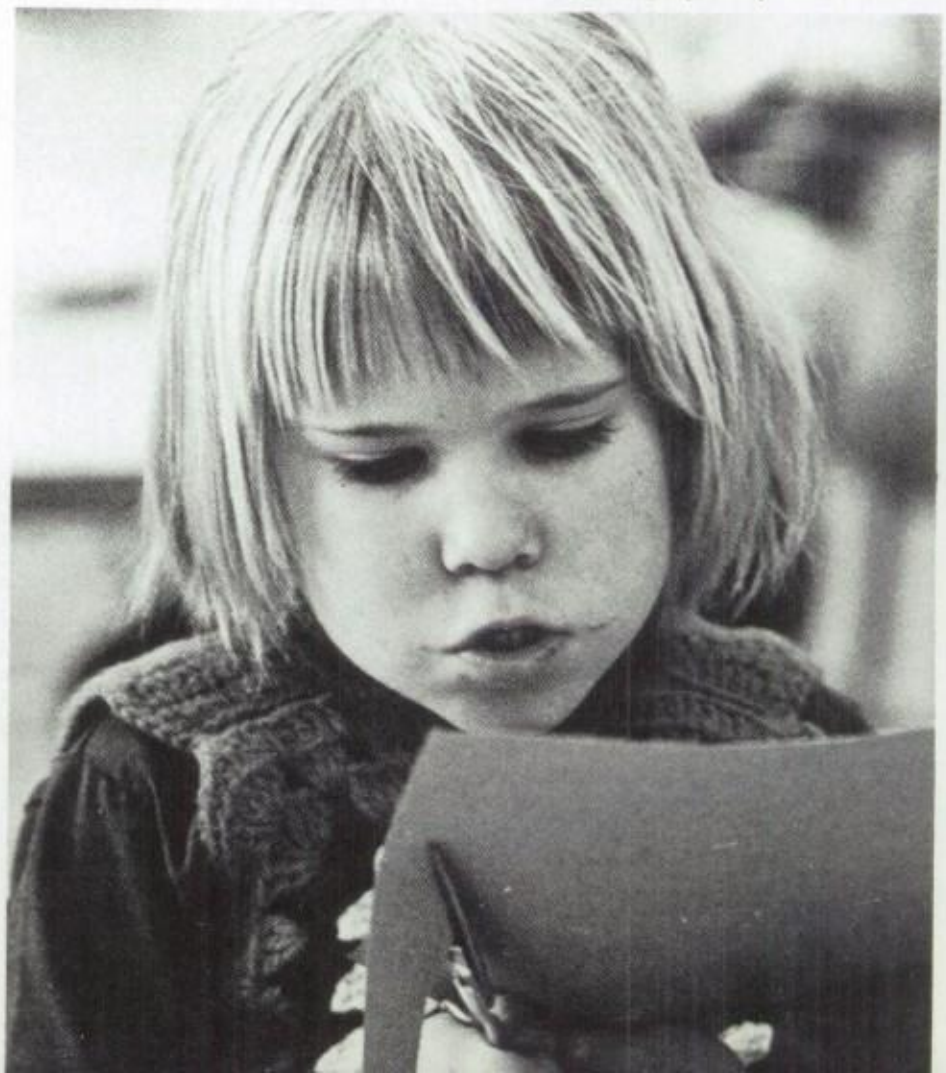
reverie

Remember the first day of school. Your mother let go of your hand for the very first time . . .

. . . it took all

the might you could muster to hold back those tears, and all the strength in those tiny feet not to run right after her. You stayed. And from there on in each day you spent learning was just like every day you had spent playing with your blocks, because now you were building a you. The blocks tumbled more than once: the day the class clown spilled black ink on your new white dress; everyone found out you liked the little redheaded girl; you got kooties five times in one day and had to go home sick. But when the going gets tough, the tough get going. And you plunged back into life and began building again, this time with a little experience behind you. Each time the blocks tumbled you grew a little older . . .

Child photographs by Paul Lutwak



. . . then one day it didn't matter that you

liked a girl . . .

. . . In fact, kissing was kinda fun! And the you you were building was getting harder to knock down. Oh, it still happened; those blocks still came tumbling down. And, it seemed, at the wrong moments: the biggest physics exam of the year, the car you had been saving up for for how long?, the job you'd been wanting. But something else was happening. You were beginning to be something special. Something wonderful and different. And if it were possible you would have run out and gotten a patent on yourself, because you didn't want anyone thinking your thoughts, saying your words, using your style. Now when a conflict arose you felt confident because you handled it your way. When someone needed an idea you pulled one out of your head. The proudest moment of your life was when dad asked you for your opinion. And you thought to yourself, "Gee, what else can I do with my new me" . . .

. . . and you were born.

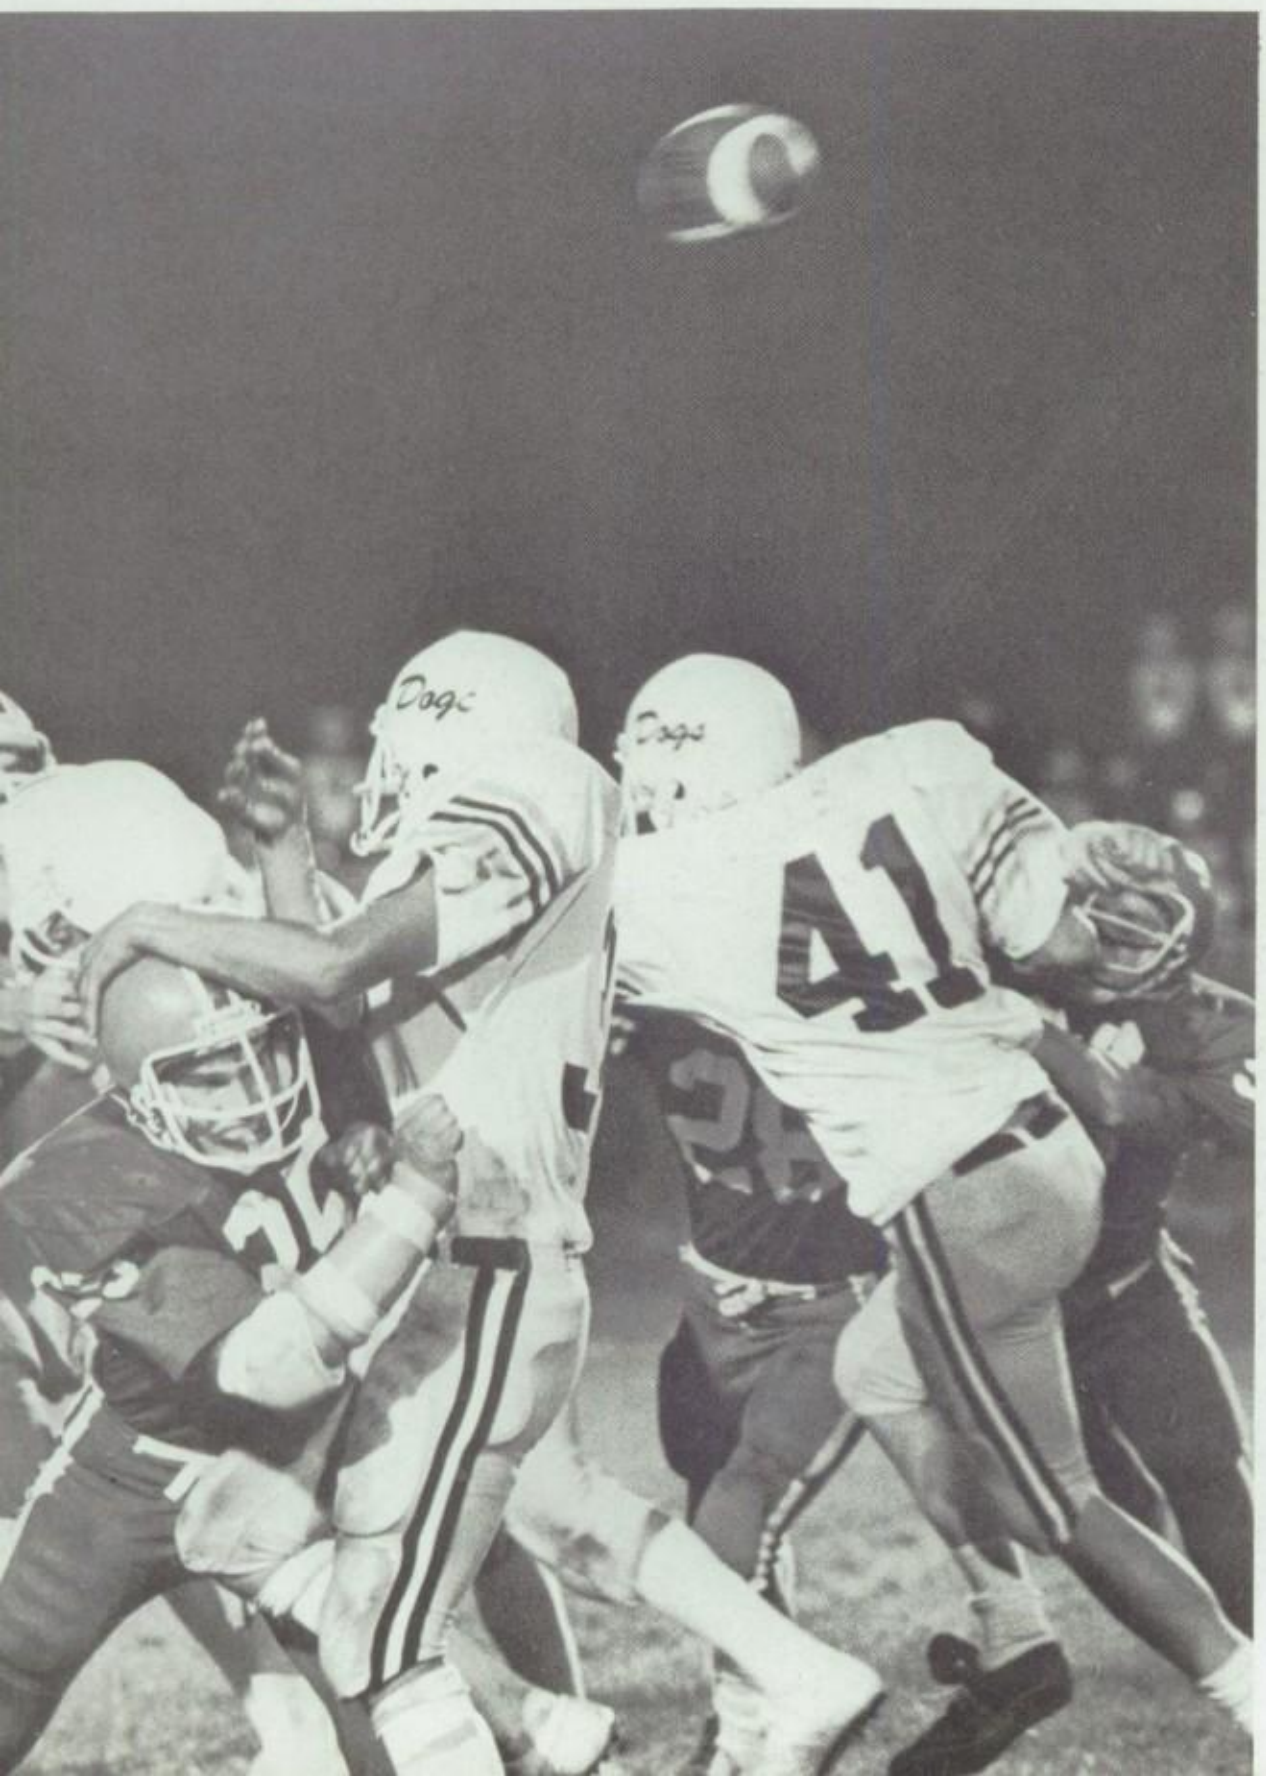
League Champs!



For the first time since 1968 Revere clinched the Suburban League title, and in doing so, scored the most points and gave up the least of any team in the league. Also, for the first time in Revere history the minutemen gained a berth in the Ohio School Athletic Association State Playoffs. By defeating Solon 20-6,Revere became the Division II Region 5 State Champions and played in the Division II Semi-Final game aginst Youngstown Cardinal Mooney—eventual Division II State Champions.

"You Gotta Believe"

Co-Captain Tom Hecmanczuk

The Minutemen, the newly crowned Division II Region V Champions, sat back after their illustrious season contemplating their success. Included in these memories were their brave Co-Captains Tim Gabel and Tom Hecmanczuk and, the brains of the team, head coach Joe Pappano and all his assistants; the record of regular and post-season play of 9/1/2; an offense which accumulated 223 points, the best in the league; and a defense that yieled 78 points over 10 games, also the best in the league; Junior tailback Steve Magoline who gained 1230 yards, junior quarterback Mark Wracher who passed for 1210 yards, senior Paul Bolinger who caught 31 passes, and junior Mark Adolph who intercepted 10 passes; sophomore Brian Gabel, juniors Mark Wracher and John Kovak and seniors Matt Meyerson and Paul Anacki who earned places on the All- Suburban League's first team and Seniors Scott Barb, Dale Halliwill, Tom Hecmanczuk, Rick Martz and Mark Murphy who were chosen for the All-League's second team; juniors Mark Adolph and Steve Magoline and seniors Paul Bolinger and Tim Gabel who not only made All League, but also the All-County team. Steve Magoline was also chosen for All-District as was Paul Bolinger, who, with Tim Gabel, was named on the All Ohio State roster. Minutemen, with all those memories behind you, of those first downs the offense made, of the fourth downs when the defense held, and of the clutch plays when every individual came through, may you look ahead now, to further successes in all that you endeavor. Congratulations!

Soccer

The 1980 Revere Soccer Team had a great season this year, finishing with a record of 12 wins, 7 losses, and 2 tie games. Senior John Clarke and juniors Ken Murray and Shawn Bolender all played 84 quarters, the most possible in a 21-game season. Junior Brian Brady scored the most goals of any player on the team, totalling 14. Shawn Bolender recorded 164 tackles, the team's high, while junior Phil Black accumulated 68 saves! The captains, seniors John Ibsen and Ladd Springer, and junior Shawn Bolender, led the team in their successful season. Best of luck to all those who helped to make the 1980 Soccer Team as successful as it was.

GOLF

Revere's Golf Team finished their season with a league record of 10 wins and 4 losses, good for third place in the league. Monte Kushkin, who led the team in birdies, with seven, also had the team's lowest average of 41.84 strokes per nine holes. Steve Cushing, Scott Martz, and Scott Gore were close behind, all with averages of less than 43. Kushkin also had the low score for the team in the Suburban League Tournament with a score of 85 for eighteen holes, while Scott Gore scored an 87. Mr. Harold Scott, the coach of the Golf Team, was like the rest of us, proud of the team's good season.

Girls' Tennis

The 1980 Girls' Tennis Team, under the coaching of Mr. Bill Sayre, had an excellent season this year with a final record of 11 wins and only 3 losses. There is no organized league for Girls' Tennis, so determining a league ranking is impossible. The regular singles' starters were junior Catharine Wilson and seniors Ann Eastman and Chris Shoemaker. Seniors Laurie Aulino and Ann Papiska were paired for doubles' competition, while senior Julie Boltz, and juniors Liz Parry and Noelle Springer alternated to make up the other doubles' pair. Catharine Wilson was awarded the Most Valuable Player, and junior Karyn Jackson was chosen the Most Improved Player. Captain Ann Eastman and Chris Shoemaker were honored with the rarely given 4-year awards. Though the team may not have been the most competitive, the closeness and the love they felt for each other made them a truly outstanding team at Revere.

CROSS COUNTRY

Revere's Cross Country Team had a less than perfect season this year. The young team won four meets during the season but lost ten. Their 2/5 win-loss league record gained them sixth place in the Suburban League. Senior Charles Kubelik and sophomore John Truefeldt both gave outstanding performances for the team.

The three girls who ran with the boys' team, Ann Kermizis, Chris Mioduszeski and Mary Jane Mioduszeski, did well, though a hopefully larger and separate girls' team next year would improve their standings. Coach Sheldon Shimko looked forward to a more experienced team and a more winning season next year.

Volleyball Team Wins Again!

The 1980 Girls' Varsity Volleyball Team gave Revere something else of which to be proud. For the second year in a row, they won the sectional championship. Their final overall win-loss record of 17/6 was outdone only by their 12/2 league record, giving them a second place finish in the league. Juniors Anne DuCharme, Carole Landis, and Laura Mettei were honored with positions on the All-Suburban First Team, while junior Jane Helderman gained a place on the league's second team. The top server was Laura Mattei, top spiker was Carole Landis, and top blocker was Anne DuCharme. We gave the team our heartiest congratulations and asked only that they go for three in a row.

VARSITY BASKETBALL

The big question which arose about the basketball team was, "Could Revere remain number one after the football season was over?" The answer proved positive as the basketball team finished second in the league behind our rivals Copley. This spirited team had a 10/4 record in the league and 13/7 overall. They rightfully won their place in sectionals with their first game against Walsh: 76 for Revere and 65 for Walsh. Again they proved their strength and school spirit as they beat Copley 70 to 69. Finally, they played Wadsworth in a very close, back-and-forth game. Revere lost 52 to 50 with a very controversial ball at the buzzer pulling Wadsworth from a tie at 50 to a marginal 52.

Glenn Keiper, the 6'4" boy wonder and captain of the basketball team, averaged 14.9 points per game. He had the most shots made, the most free throws made, and the most offensive and defensive rebounds. He was named 2nd team All-Summit and 1st team All-Suburban. Brian Ellsworth and Rich Weidrick were named 2nd team All-Suburban.

J. V. FRESHMEN BASKETBALL

To most people this year's JV basketball team was certainly nothing to be disappointed by. Unfortunately, its 10 win/10 loss record paled when compared to previous season marks of 16/4; 18/2; 19/1. The team's league record was seven and seven, earning it fourth place in the JV league. Outstanding players included sophomores Scott Mabee, Ken Adams, Kenny Smesko, and Kevin Scott; and juniors Jeff Keiper, Mark Clawson and Steve Magoline. Mr. Harold Scott, in his twentieth year of coaching, should not been displeased with the team that showed so much talent.

The freshmen basketball season was slow, but steady. Winning only 9 out of 16 games, the freshmen did not have one of the greatest years. The main problem, according to Coach Roberts, was a major lack of experience. Six players on the team, including one starter, had never played on a team before. Because of this inexperience continual practice led the team to excellent improvement during the year. Though this year could have been better, the team did learn and deserved applause. Perhaps next year. . . .

GIRLS' BASKETBALL

This year's girls' varsity basketball team show that, like all of us, they are human. Unfortunately, they were often more human than not. The team finished the season with a record of two wins and eighteen losses overall, one and thirteen in the league. Though as a whole the team was not outstanding, individuals did display their excellence on the court.

Included among the stars were sophomore Traci Mockbee who collected the most rebounds and junior Chris Mioduszeski who accumulated the most steals and was also chosen most valuable player. Though girls' basketball might not have the pride of a state champion, the memories and experience they gained this season will always remain with them.

Wrestling

Revere's Wrestling Minutemen had a superb season. The team gained its third consecutive Northeast Ohio "AAA" Sectional Tournament victory which also marked its fourth in five years. Its league record of 5 wins and 2 losses was enough for a third place finish in the league. The overall win-loss record, including dual meets with teams not in the league, was 13 and 4. Outstanding performances were given by sophomore Brian Gabel, juniors Chris Barren, Mike Kermizis, and Chris Wilson, and seniors Tim Gabel and Rick Martz. Rick Martz won the district championship, the school's first winner since 1974. John Velimesis and Rick Martz placed second and third, respectively, in the State "AAA" Tournament. John Velimesis set many new school records, including most pins in a season totalling 16. Tim Gabel also scored 16 pins this season. Velimesis established the highest season record ever at Revere, winning 91.89% of his match-ups. Chris Barren was sixth in Revere history winning 85%, and Tim Gabel was ninth. Rick Martz and John Velimesis were both chosen for The Sun News All Star Team. All these individuals mentioned, plus many others, gave Revere an excellent state ranking of ninth in a field of 119 schools entered. Hats off to the Wrestling Team; we all took pride in your accomplishments in 1981!

GYMNASTICS

The 1980-1981 gymnastics team got off to a slow start because they had no coach. After Emma Wells from the Akron Jewish Center filled this vacancy, the girls competed in four meets, plus sectionals. Their late start did not seem to work against them as they won all but one meet and placed fourth in the sectional competition. High scorers on the team were: juniors Jane Helderman on the vault and Marylynn Slaby in the floor exercise, and seniors Julie Patterson on the bars and Ann Kermizis on the beam. Most improved members were junior Janet Yuschak and freshman Mary Jane Mioduszeski. The gymnasts look forward to an even better team next year that will compete in more meets. P.S. The team would like to thank Mr. Ost for all his help.

WINS FIRST PLACE IN SUBURBAN LEAGUE

Revere's 1981 Varsity Baseball Team had a superb season with a 12/2 league win-loss record, good enough to clinch first place in the Suburban League. Its overall record was 15/5. The team went on to sectional competition only to lose in the finals to Cuyahoga Falls. Outstanding players include senior pitcher Tony Mattei, who had a very low earned run average of 1.14; senior shortstop Todd Radloff, who batted at the .500 mark; and junior Steve Magoline. Coach Jeff Gibson can boast that seven out of the nine starters batted over. 300. Congratulations to the entire team on its excellent season.

JV Baseball for 1981 did well, finishing with a record of 12 wins and 7 losses overall, 10 and 3 in the league. This gained them a second place finish in the Suburban League. Outstanding players included sophomores John Vogel and Ryan Lenington and sophomore Tim Mattei who was honored with the Most Valuable Player Award. Rudy Pykarski, the JV coach, should be congratulated with his team for an excellent season.

The 1981 season was good for the freshmen baseball team also who finished 12/7 overall and 10/3 in the league. Though Mr. Stark left the post of coach to a new person, Rudy Pykarski, it didn't take long for the team to show its skill at the great American pastime. Mr. Pykarski's knowledge of baseball was a key factor in the excellent year.

SOFTBALL

Varsity Softball at Revere for 1981 never quite got it together. Their 5/9 league win-loss record gave the team a 5th place ranking. Junior Diane Grinter was the most valuable hitter, batting .412, while junior Kim Garger was chosen most valuable fielder as the center-fielder. Carin Crislip was honored with the Coach's Award for the most sportsmanlike. The team was very proud of its victory over Norton who became the sectional champions. Enjoying such extras as breakfasts at Bob Evan's, the team members showed their closeness. Although this was Coach Tom Bent's last season as coach, the girls themselves have next season to improve upon this season's record. As everyone knows, "There's always next year" and the JV Softball Team should certainly be able to relate. Its 1981 season's win-loss record was 0/5. There is no organized league for JV level softball so a league ranking is impossible to determine. Though the results do not show it, the players did play together as a team. Sophomore Tami Maloy and junior Karyn Jackson were honored with the Spirit Award, while sophomore JoAnn Patrick earned the Coach's Award for the most sportsmanlike player. Mrs. Derhammer was coach this year, her final one in that position.

GIRLS'-BOYS' TRACK

The 1981 Girls' Track team had a good season. They finished fourth in the league with a win-loss record of four and three in competition within the League, 7 and 5 overall. In the sectional meet, the team finished eighth out of seventeen teams competing. Outstanding players included junior Kelly Rench, who broke the record in the 100-meter hurdles with a time of 16.6 seconds; senior Tammy Deffibaugh, who broke the discus record throwing 90'9"; and freshmen Connie Brazie and Mary Jane Mioduszeski and juniors Christine Mioduszeski and Mary Waikman, the four of whom broke the record for the 400- meter relay with a time of 51.9. Mary Jane Mioduszeski was the most valuable player, accumulating 191 points while junior Joanne Butzberger was chosen as most improved. Congratulations to all players who accomplished what they set out to do.

Revere's Boys' Track team this year suffered a sub-par season. Their league record of no wins and seven losses put them in 7th place in the league. Though the team as a whole was not spectacular, individuals did provide outstanding performances. Senior Charlie Kubelik was able to break the all-time school record for the 3200 meter run. Of the twenty-five people on the team, only seven were juniors or seniors. Coach Sheldon Shimko looks forward to a much improved season next year. Though the team's season was not as good as it might have been, the guys kept at it, showing their true feelings of competitiveness.

BOYS' TENNIS

The Boys' Tennis Team under Mr. Ray Cox's coaching were not able to make it three in a row. After winning the Suburban League Title its first two years of existence, the team found 1981 unlucky, though it did have a very respectable 3/3 win-loss record.

Steve Grinstead, the outstanding player, led the other greats, including Jerry Colonna, Bruce Thompson, Jeff Smith, and Scott Thomas to Columbus to play in the Columbus Centennial Tournament there. Steve and Bruce also joined forces in the AAA Sectionals Doubles' competition to finish in third place. Maybe next year the team will regain its title.

In spite of a soggy court Bruce puts everything into his return.

I Can Be A Somebody In A Crowd

Not Just A Face . . .

We Came . . .

Most everyone would agree we have a most extraordinary class! We have set records for the best, the worst, and the most unusual things. We were the second freshman class ever to win the homecoming float contest. Bill Lester became the first freshman Thespian.

Mary Jane Mioduszeski set the cross country record. We have many memories in our class of '84. No one will ever forget the day Kevin Gore and Bill Lester wore dresses . . . just to be in the Variety Show.

We also have Revere's only male soprano—Kevin Gore! In our wide array of talents are Carin Crislip and Trayce Thompson who made the Girls' Varsity Basketball Team, and Phil Austin and Dominic Pozzuto, two of the best roller-skaters here! Mike Bauer has the same initials as the Michael Stanley Band. In gym class we watched Whit Miller and Brandy Ingle do front flips—successfully! . . . We certainly did make a smash landing at Revere, and we've only just begun!

We're On Our Way Up!!!

Some of us will remember our sophomore year as the year we became upper-classmen. To others it's the year we turned sixteen and finally learned how to drive. The big question was no longer, "Did you get lost today?" but, "Did you get your license yet?" Of course, to a large majority of us our sophomore year meant *we* could finally tease a freshman. At any rate all of us noticed a change because all of us realized we were moving up in the world. We have ideas, personality, answers to questions, and questions to answers. We are special because in 1983 we will graduate from Revere High School, and no one else in the world can say that. Sophomore year marked only the beginning of a life in which we can be anything, anyone, at anytime and never be afraid to believe it. We're a rowdy bunch of kids, and proud of it- because only a certain kind of "83 energy" breeds "83 success!"

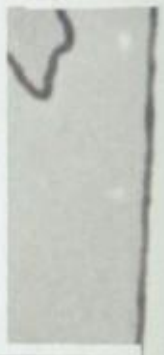
Looks Like We'll Make It!!!

ABOVE: Romeo Chris awaits Juliet's kiss;
RIGHT: It takes all kinds to make a student body;
BELOW: Giving only a backward glance.



The class of '82 remained a talented variety of people. The students were involved in many activities, but they were especially interested in sports. Due to restrictions on the kind of fund-raising projects allowed, the juniors had some difficulty raising money for the senior prom and banquet, but they have high hopes for the future. The juniors once again put an all out effort into Spirit Week. Though the float did not win, there are rumors of something spectacular for next year. Next year's seniors began learning how to obtain information from and about colleges and how to find out about possible careers. Many juniors chose to begin their college days a year early by graduating with the class of '81. The remaining juniors eagerly awaited their turn at the "top of the stack" as next year's seniors.

You want me to . . what?

Well, all right; I'll try.

Mmmmm— not bad— kinda crunchy.

Days streak by too fast to count,
Dreams and hopes to catch and hold.
A bond begins to form that can never be broken,
A special chain that sets us apart and makes us unique.
As we look around, we see each other in a new light
Friends sharing experiences and special moments never to be relived or forgotten.
The good, the bad, the happy, the sad . . . we've gone through it together,
All of us hoping that with each other's help, we may see the joy, realizing that the good times of now are precious memories for tomorrow.
But the best is still ahead.
With each new dawn there is hope;
With each new day there may be laughter;
With each new sunset there can be peace.

I Can Hug My Dreams Close To My Heart . . .

I can wiggle my toes through wet,
muddy puddles
And pretend I'm five and play
tag with my reflection in the
water . . .
I can swing from the banister and
pretend my feet really don't touch
the floor . . . . because they do.
I can wonder about what's at the
end of a rainbow - - - like I used
to . . .
I can whisper secrets to the
waves,
make tiny footprints in the sand
and build castles as tall as me . . .

But I'm an adult;
I'm eighteen, and eighteen-year-
old
adults don't do silly things like
that - - -

I'll tuck my silly dreams away
with my size two shoes and
baby blanket and I'll start
thinking about the world that's
out there waiting.

Nope, no more muddy puddles
for me.

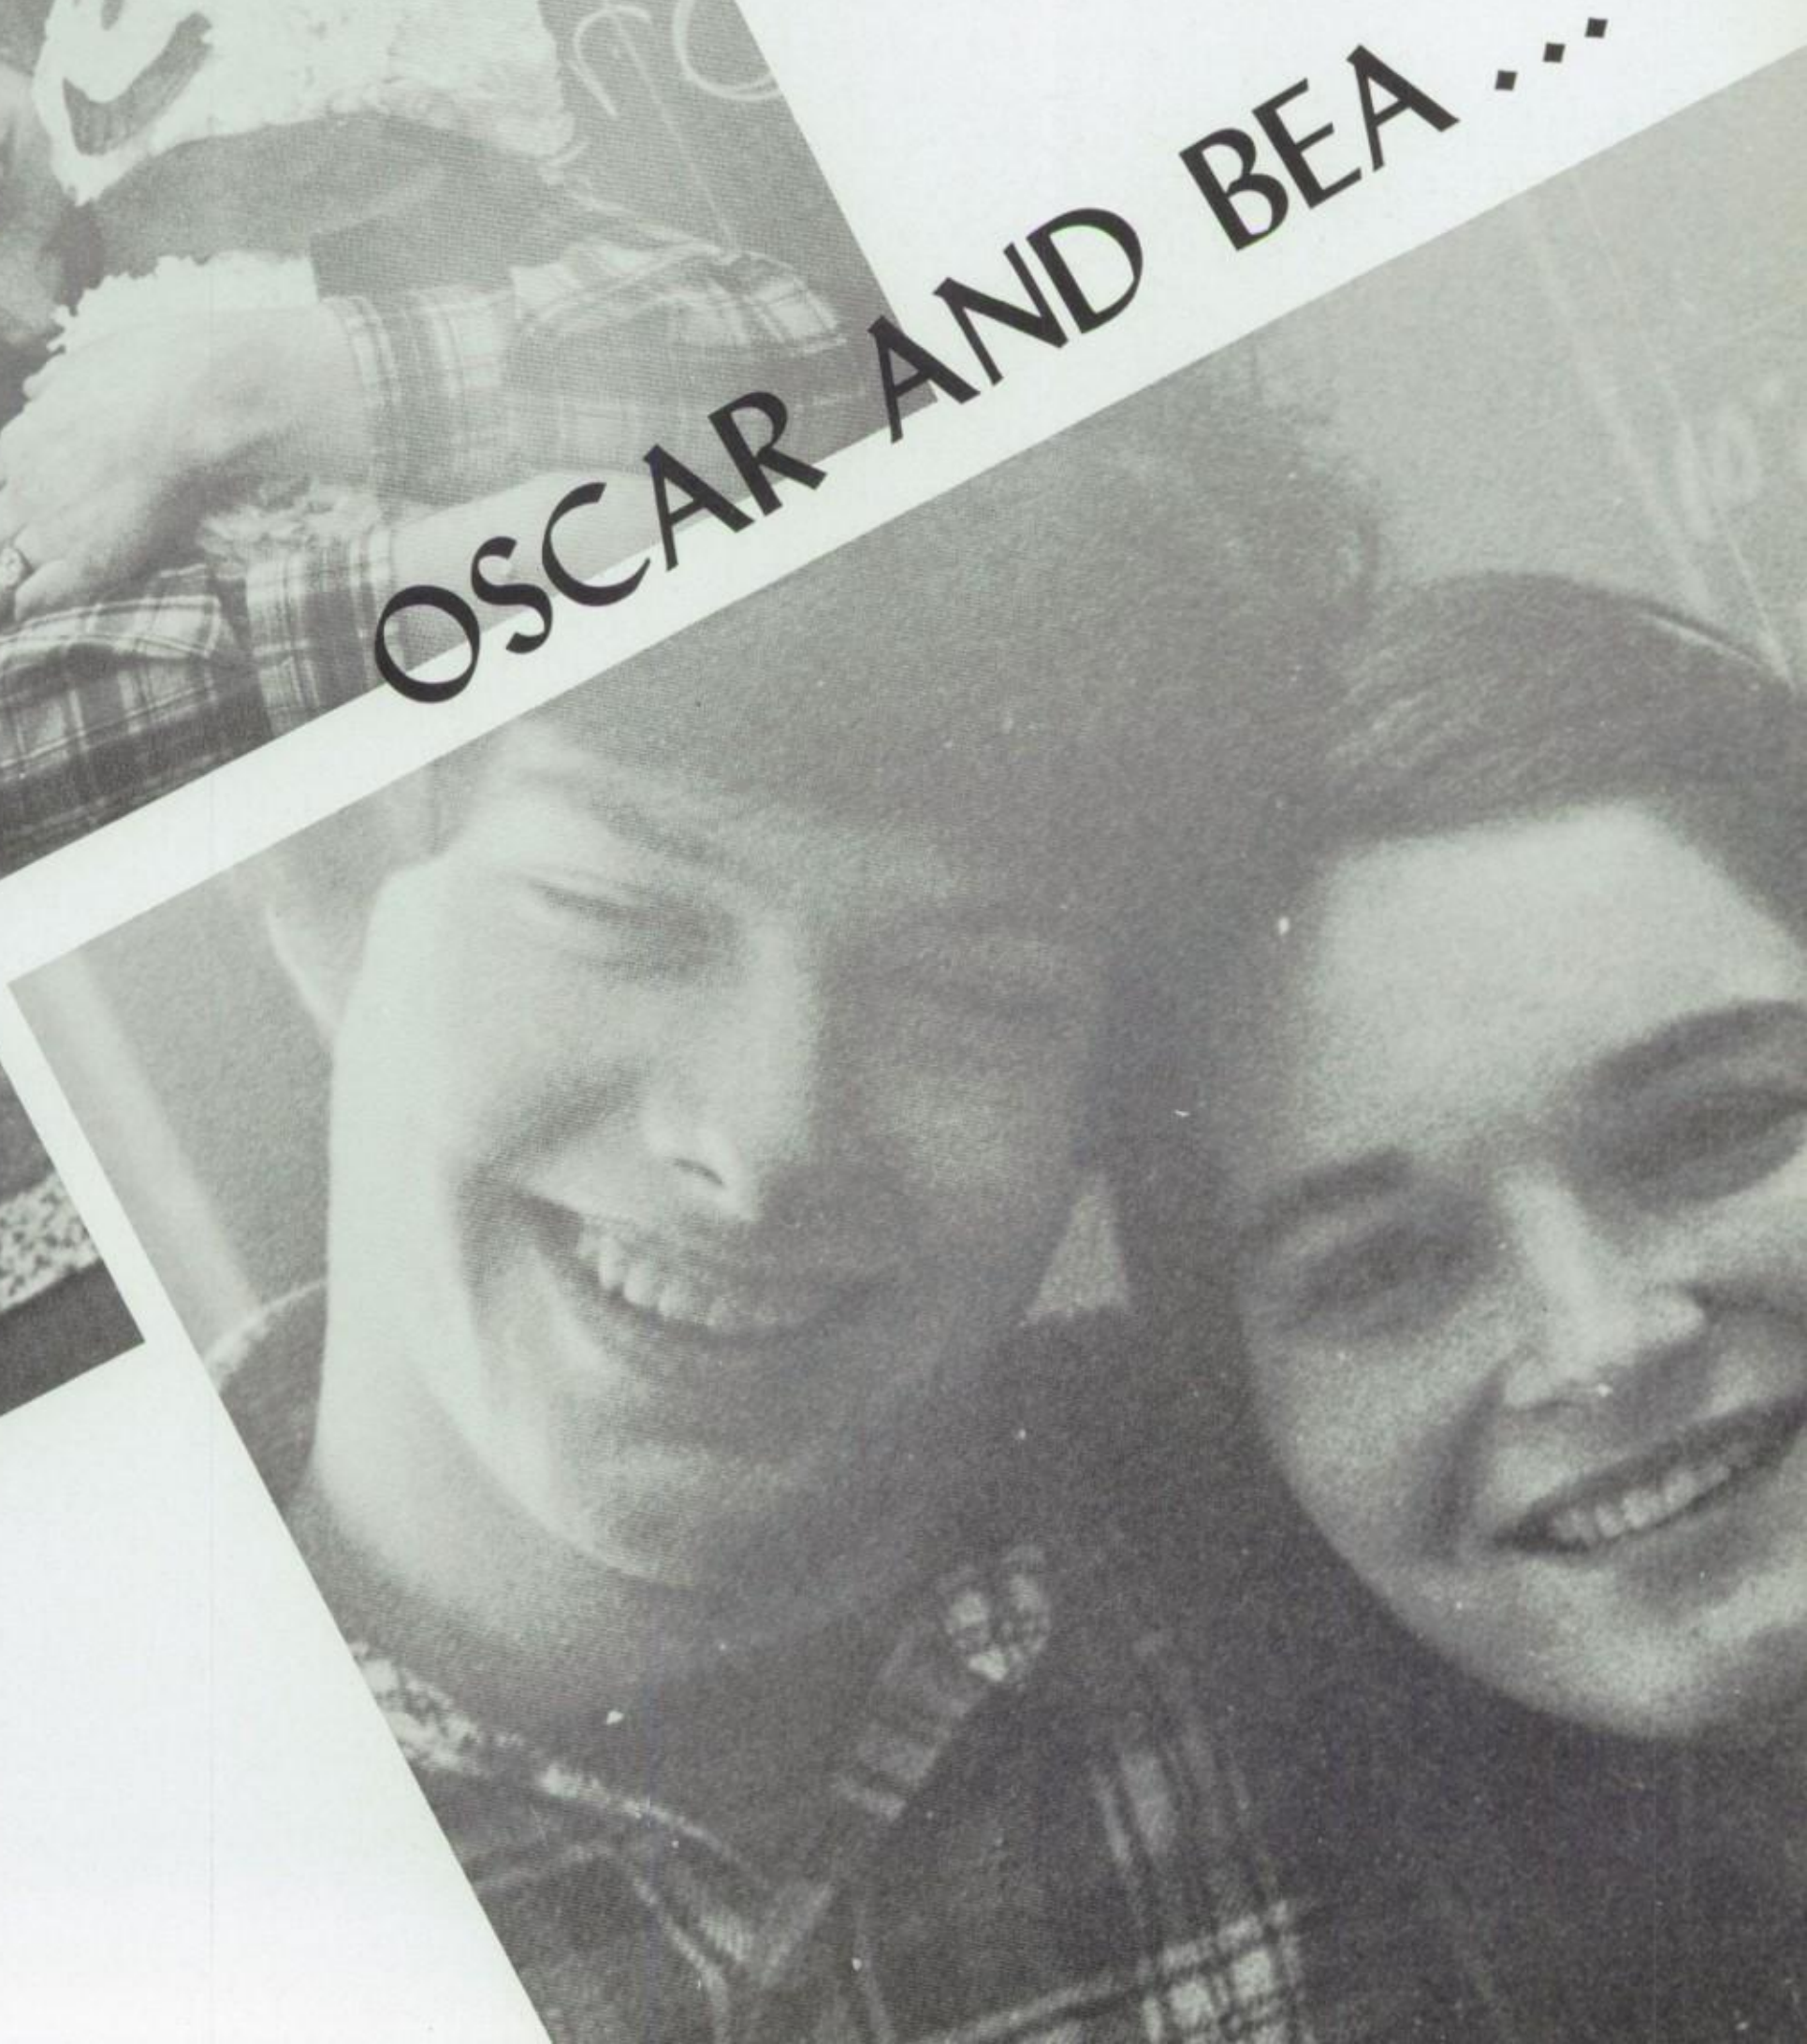
OSCAR AND BEA . . .



Our AFS Students

this year were quite remarkable. Beatrice Hirsch from Switzerland and Oscar Gibbons from Chile were both one half of twins whom each had left behind.

Dear Revere Family:

It's a pain to write a letter to all of you, because there is so much that has to be said; and I know that there's no way I'm going to be able to express in words what I feel; at least, in the right way.

I'll say it simple: I loved to stay with you for a year. I enjoyed almost all the moments we spent together. Of course nothing is perfect and there are sad moments; but they were highly outnumbered by the happy ones, so those are the ones I will always remember.

I'm grateful to the people that always made big efforts to become my friends, specially the ones that with a LOT! of personality talked to me in Spanish.

Thanks to the whole student body, that received me as I was, and made me one of them.

Thanks each one of you, for the experiences you give me, for the friendship you show me.

I will always carry you in my heart.

With much love. ♡

Hi everybody!

You know, it's hard to think of something original to write. My year at Revere has been one of the best of my life. The first times at school were hard because of my lack of English but there are a lot of great students and teachers at Revere. You're so much more friendly than people in Switzerland. People would come to me, start to talk, help me with my class and that did help me a lot. By joining the J-V Girls basket-ball team, I found a lot of friends, a hobbie and a way to learn the American spirit toward sports and now I know one thing: I love basket-ball!!!

I want to finish by saying: THANK you to everybody, you've all been so nice to me, I'll never forget it. Much love

to the girls

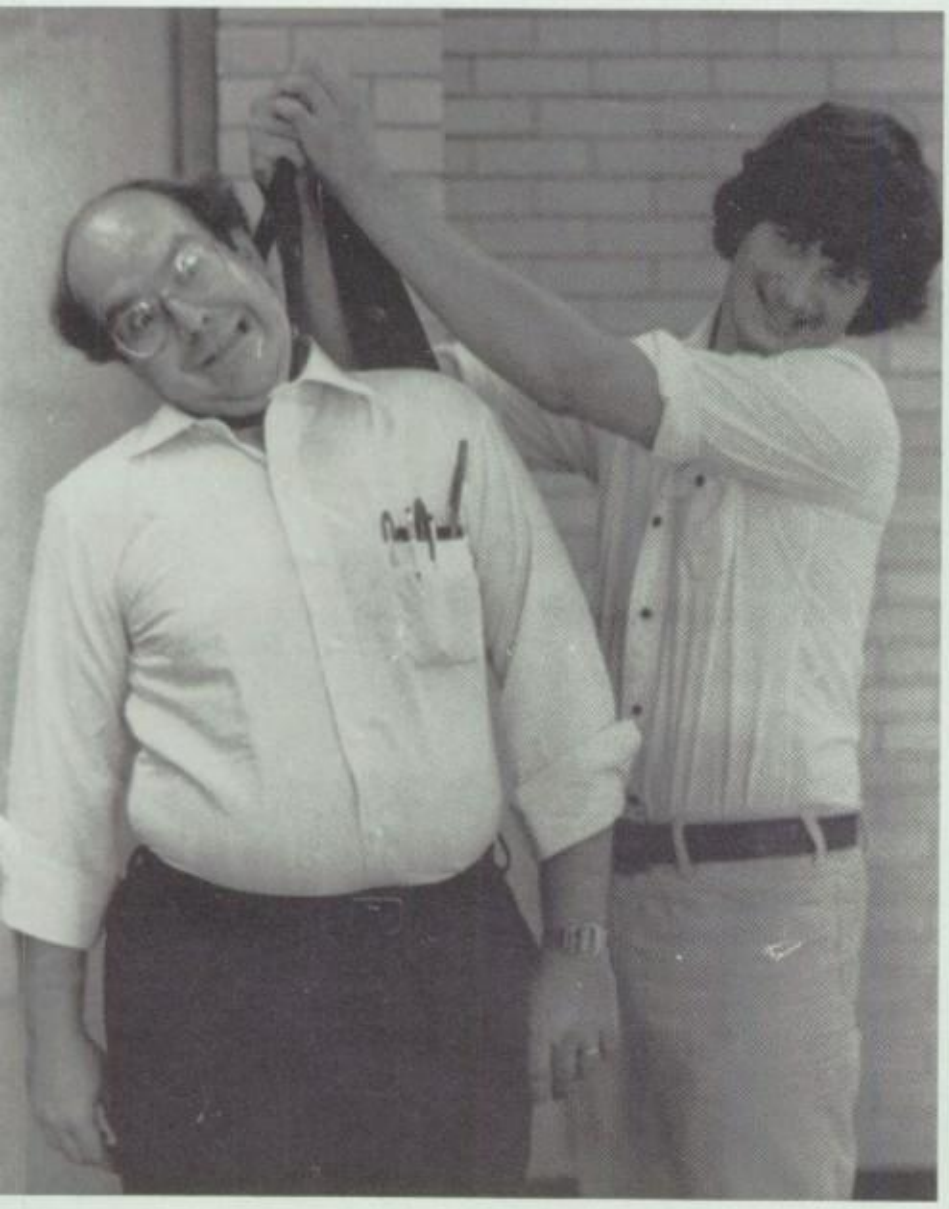
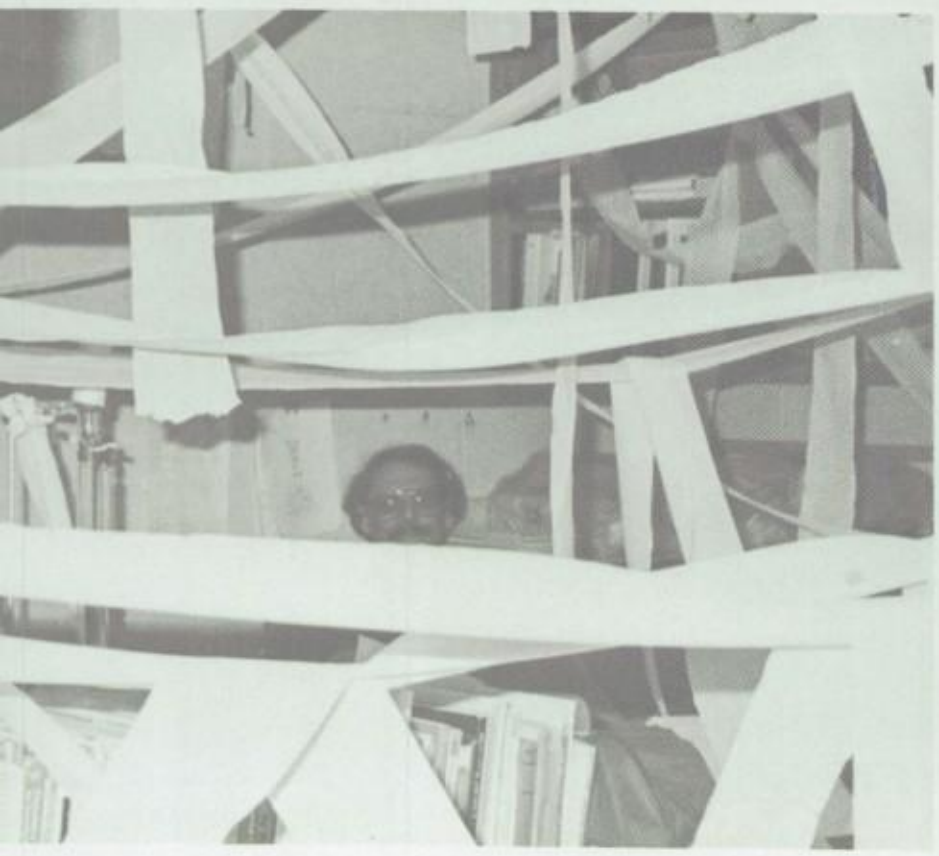
We Only Learn By What We See . . .





Mrs. Joan Devendorf likes Revere students, particularly this year when her twin daughters Jill and Lynn are graduating. She will never forget "working with those terrific volunteers on school bond and levy campaigns." Having lived in Hawaii, England and Venezuela, Mrs. Devendorf brings a variety of experiences to the school board. She has learned that "From those who receive much, much will be demanded. Each of us is born with certain gifts or abilities, and we owe it to ourselves and others to use them wisely and to the limits of our capacity."

March Levy Passes

Speaking strongly and realistically, Dr. Glenn Keiper, president of Revere's board, asserts, "The premium we place on education for all is the basis to be free. We have a moral obligation to education in general and a specific obligation to support the institutions that provide that education for everyone— public schools. 'Revere Schools' is that institution in our community."

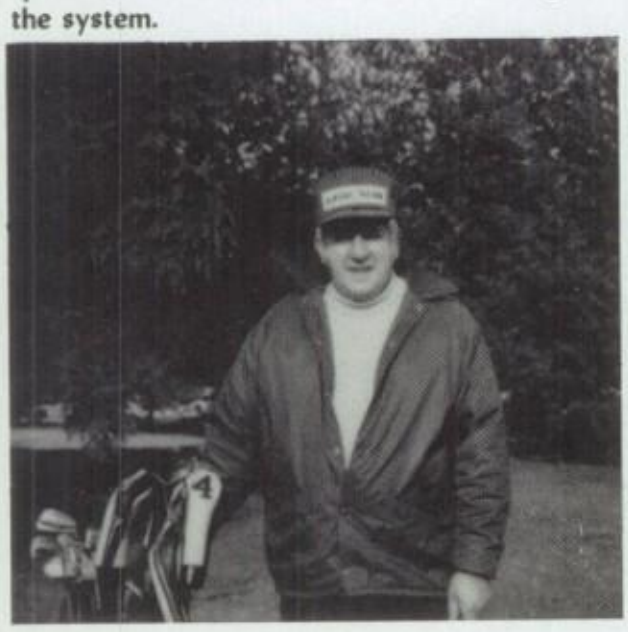
Vice-president Joan Devendorf believes, "With the completion of the high school renovations and additions, Revere schools will have the physical facilities, as well as the staff, to enable our students to reach for excellence. My hope is for a rebirth among students, staff and community of the school spirit we all felt in the fall of 1980. With this kind of positive approach, our schools will provide an atmosphere in which self-respect, self-discipline and the love of learning will thrive."

Dr. Keiper does not just jog; he participates in distant running. He likes bicycling, too. But in spectator sports he watches his children in all they do, and they treasure his presence. When both can break away, he enjoys a long lunch with his wife. In his spare time sometimes he likes to do— nothing. To those who know him, he shows an appreciation of literature, philosophy, classical music— and homemade bread. In "being, not having, is happiness found."

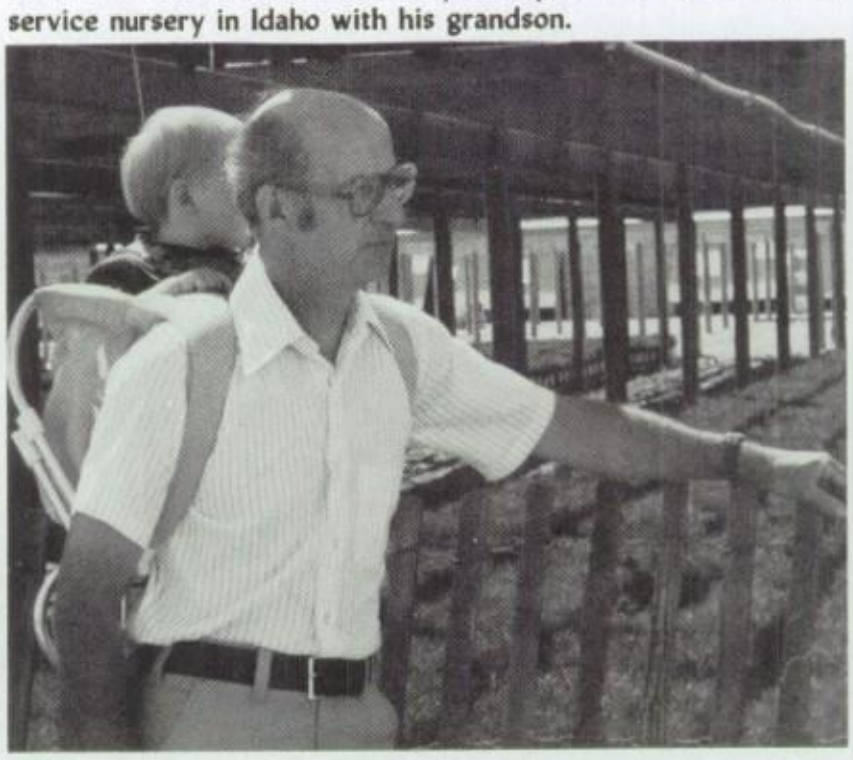
We may feel privileged that Dr. James Grow, who has a busy, demanding, medical practice yet finds the time to be concerned with the conditions of our schools, and thus he serves his community.

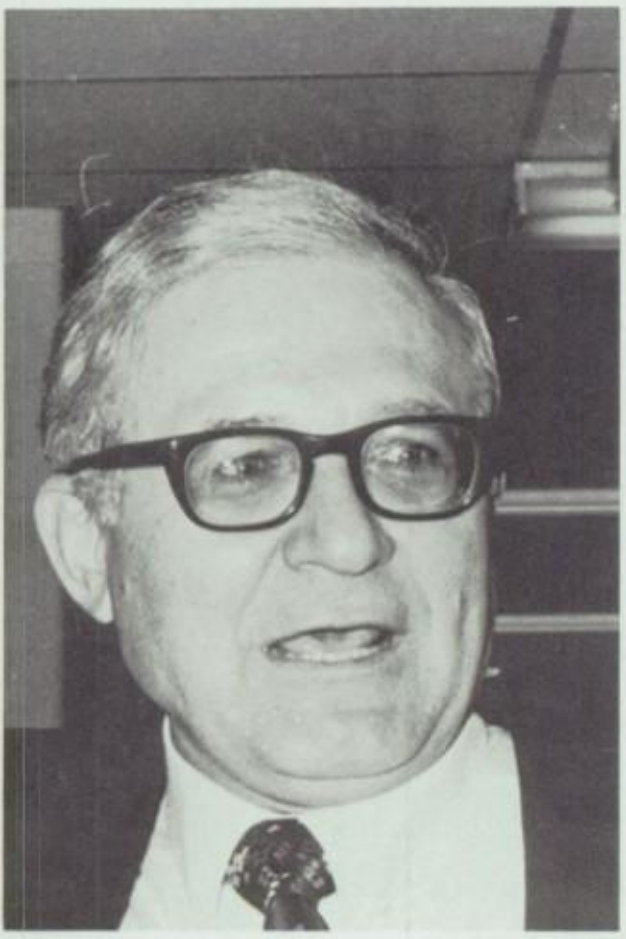
During the expansion of the administration building it has been quite literally difficult to get in to see Mr. Klingensmith and his staff. Mud and circuitous routes test the ingenulty of the caller.

Mr. James Krosky has as his personal goals for the Revere School system: to improve the performance of all students at Revere in the academic achievement tests; to continue to improve school discipline; to run a fiscally solvent educational system; to improve the quality and quantity of communications between schools and community; to continue to improve the sports and extra-curricular activities throughout the system.

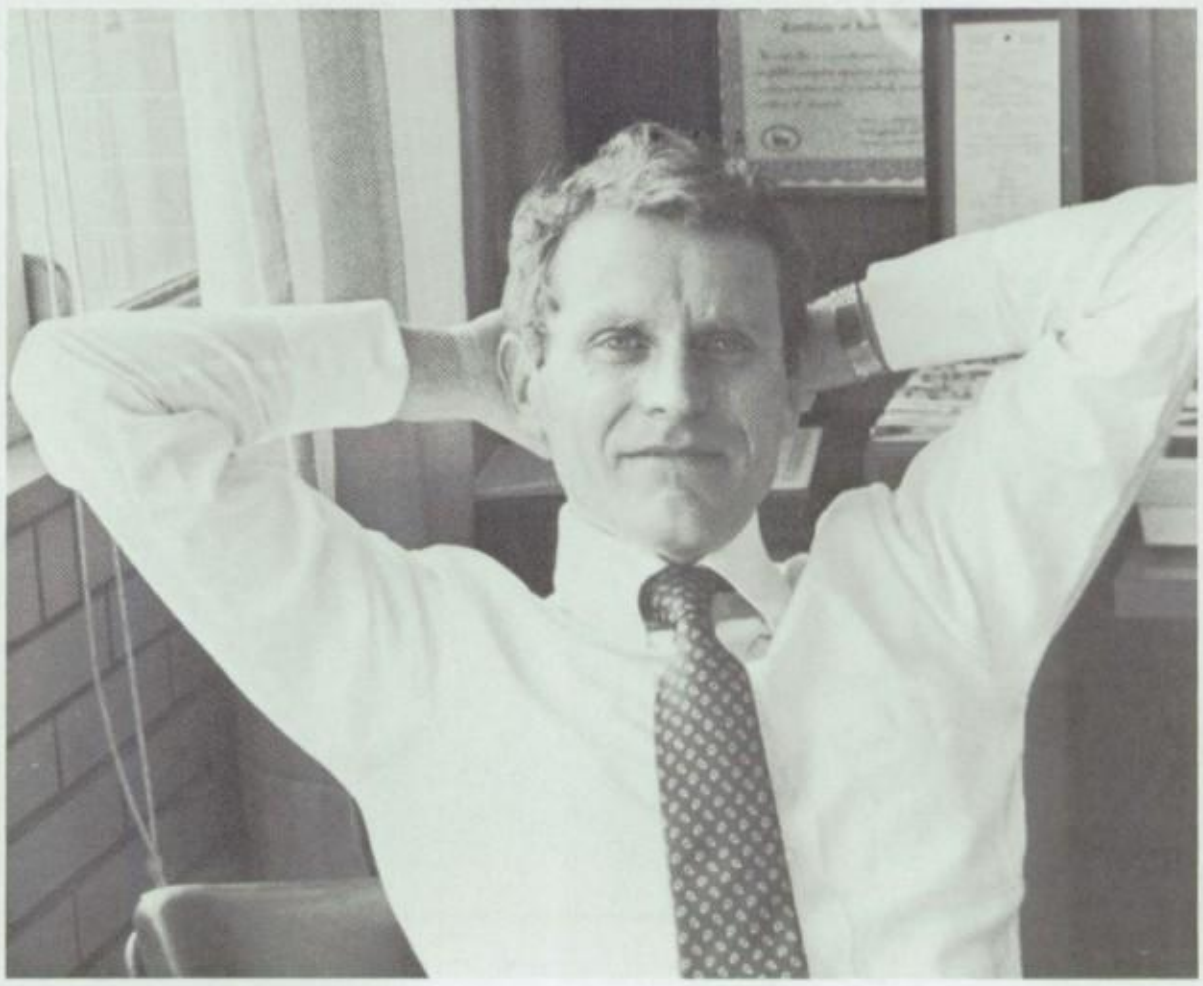


"May the educational opportunity provided the students of Revere schools develop the knowledge and wisdom so that each student may play a constructive part in the essential balance of the forces of nature and the energy at the disposal of the human race." This is the desire of Dr. Floyd Ramp, seen here at a forest service nursery in Idaho with his grandson.





J. David Klingensmith, Revere school district superintendent, was gratified when the March 19 school levy passed. Thus Revere could maintain its extensive extra-curricular activities, as well as its many AP courses, and could continue to graduate well-rounded individuals. Mr. Ronald Davidoff, assistant superintendent in charge of curriculum, hoped to expand our existing program to include even more courses, both advanced and practical. Mrs. Eileen Fisher, clerk-treasurer, promised to use school revenue in the most economically favorable way for the good of all the students. Mr. Peter Allison, service affairs coordinator found his days full, keeping abreast of the construction and the crises it caused of the ebbing and the flooding of water.



Running Revere High Takes Ingenuity

Our administration lost one vice-principal, the beloved Mr. Knapp, and gained an administrative assistant in charge of attendance and athletics, Mr. Fred Ost. Both Mr. Jim Wilkens, principal, and Mr. Ed Wolski, vice-principal, assumed additional assignments—more classroom observations and more disciplinary duties— and felt the weight of these additions. In the midst of extensive building the administration was constricted by stern economic measures in an effort to stay in the black after the failure of the fall levy. Field trips were only occasionally allowed; books for classes and the library could not be ordered; and even paper for the zerox machine was eked out to last until the arrival of a new supply. In our economy schools especially could not escape the dragon of inflation.

Long ago Jim Wilkens, Revere's principal, learned "to roll with the punches." in the interest of survival in his busy world. But, in spite of the many problems he must continually face, graduation each year seems to make the effort worthwhile. Mr. Wilkens brings to Revere a true enjoyment of other people. For photographic show-and-tell day Mr. Wilkens brought his son Matt, whom he prizes highly.

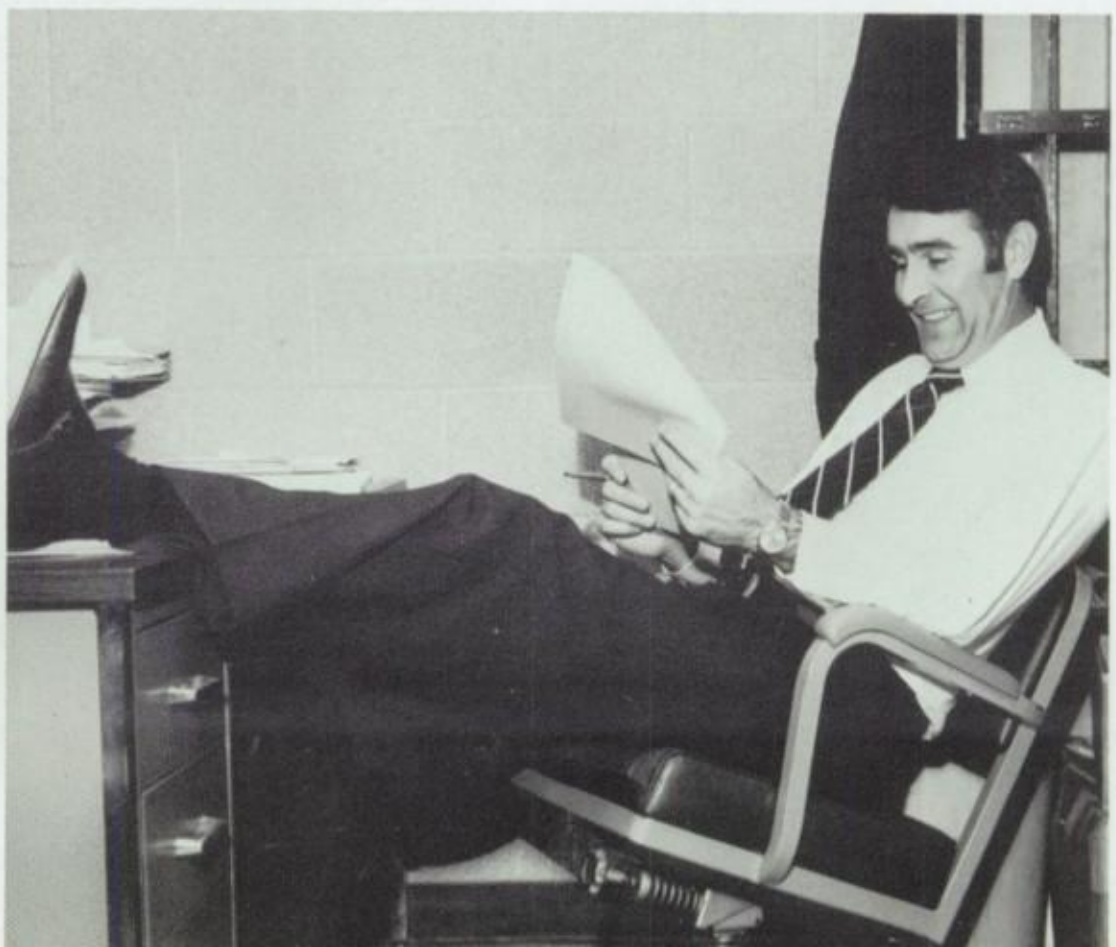
Mr. Ed Wolski, who most of the time is faced with the difficulty of being the tough guy, relaxes on the golf course. He can smack the ball as hard as he likes; it goes where he directs it without a murmur; and the most trouble it can get into is to fly into the rough. And on the 19th hole, if the threatened rain comes down, why should Mr. Wolski care, talking with his buddies and listening to his favorite sound - - - raindrops on the aluminum awning. His philosophy: "I wish I knew half of what I thought I knew when I was sixteen."

Fitting into the educational scene, Secretary Ruth Davidson remembers "We enjoyed especially the year we had a foreign exchange student living with us." In addition her husband and she liked visiting the student later in Germany. Mrs. Davidson reflects her cheerful friendliness in her anticipation of visiting her children and grandchildren, playing bridge with her friends, and having weekend company.

Mrs. Marilyn Berka, who keeps enrollment records and acts as buffer for Mr. Wolski, on her own goes shopping, cooks specialities, plays sports, and travels—last fall to the Caribbean.

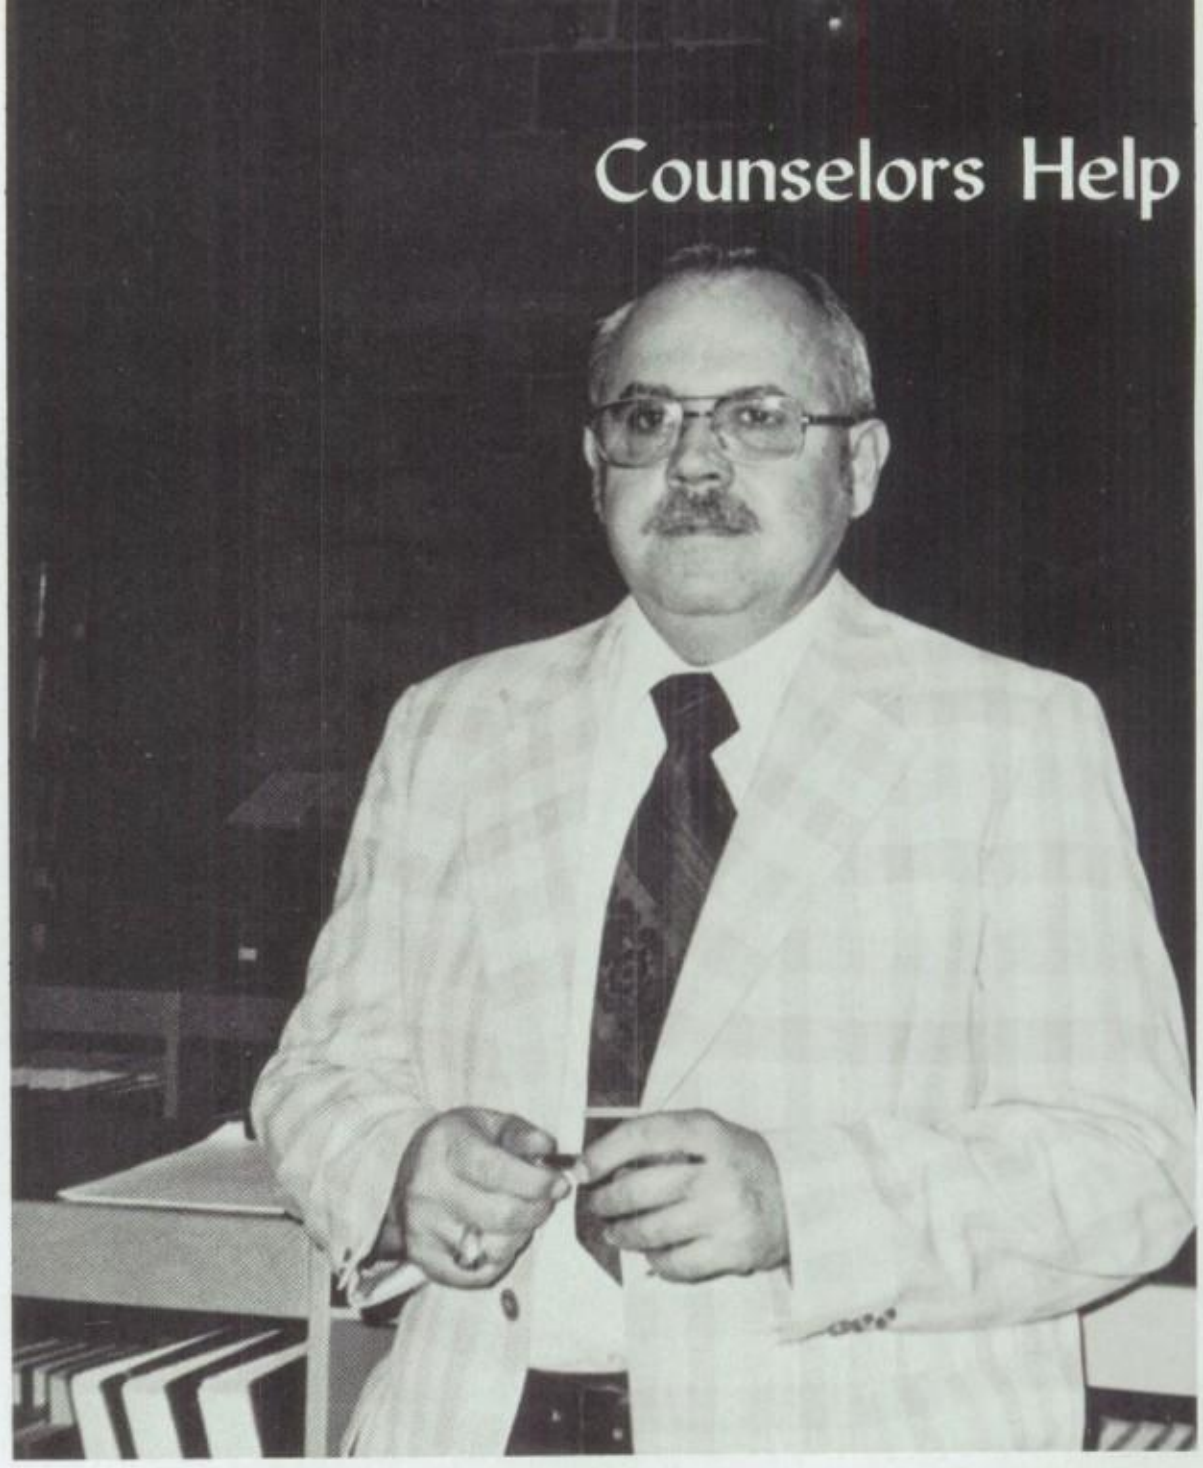
Helping Mr. Ost with attendance-keeping, Barbara Riethmeier is particularly "Me!" She is busy cross-country skiing, fishing, knitting and crocheting, and singing. She believes "God never gives us more than we can handle, so do God's work and be in His will, and all good things are possible!"

In an uncharacteristically relaxed position, Fred Ost likes to reminisce about his twenty-four years of coaching football; here and at Akron Central and St. Edwards; and of players he has coached like Chuck Penzenik who was on the team in '66 and '67 when Revere won the Suburban League two years in a row. Mr. Ost sees life as "doing to others as you would have others do unto you." His marriage and the birth of his three children have added purpose and warmth to his life.



Counselors Help

This growing up and becoming one's own person takes more than one helping hand along the way. In '81 the counselors at Revere provided such support. Students; parents, and even teachers turned to them to share some difficulty. A distraught girl who felt unwanted at home, without any direction or purpose, found reassurance in Mr. Fry's willing ear and firm advice. A teacher sought Mrs. Ruth Boscia's presence and judgment in a conference with a mother; Mr. George Kungle suggested to inquiring parents that, together with their son, they visit the college that the son wanted to consider because that is the best way to learn about a school. For counselors these incidents within a day were important breaks among many routine tasks. How many transcripts Mrs. Steffens copied and sent; how many tests the counselors administered; how many grades averages, credits, ranks were checked and rechecked; how many recommendations were bound for colleges, not even the counselors could remember for sure.

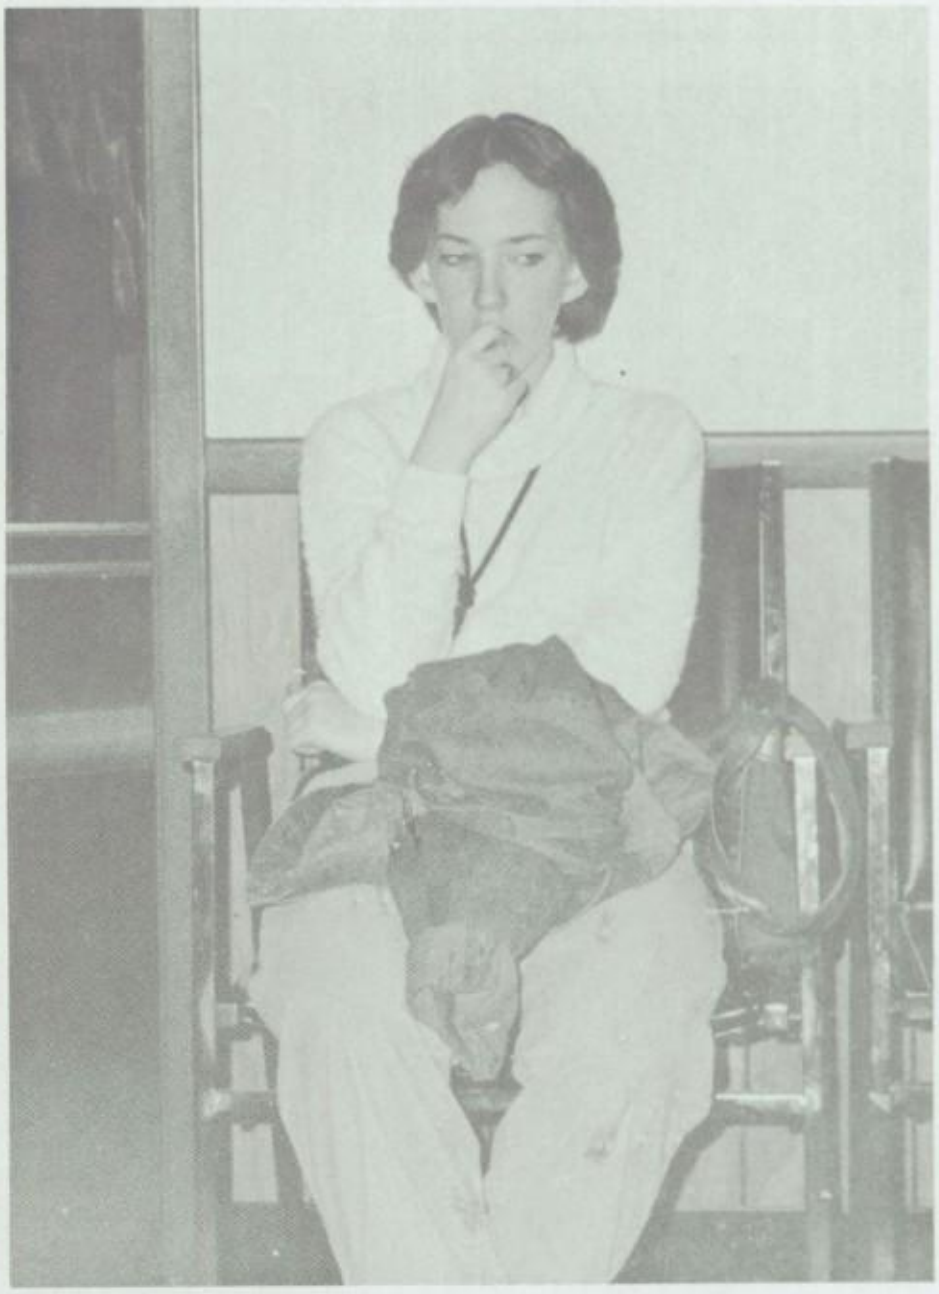


"I'm just a country boy," replied George Kungle when he was asked for his philosophy. Certainly, he likes to be close to nature, fishing. Seven years in a row he spent at least one vacation in the Florida Keys deep sea fishing. But fishing around Bass Island in Lake Erie can be pleasurable, too. He can tell one how to cook a rare standing rib roast, covered with rock salt in a hot oven. But, always the counselor, he is concerned about the with drawing of government grants for education and sees trouble ahead for students and colleges.

Mr. Jerry Fry has both his bachelors degree and his masters in science from Bowling State University. He began in education as a history teacher and he still teaches drivers' training. Not too many years ago he coached baseball at Revere. He finds a uniqueness in his individuality—how he thinks and how he reacts. He enjoys reading, especially about American history. He remembers with vividness and warmth his college graduation, his marriage, and the birth of his sons. His family and home are the focuses of his life.

Broaden Horizons

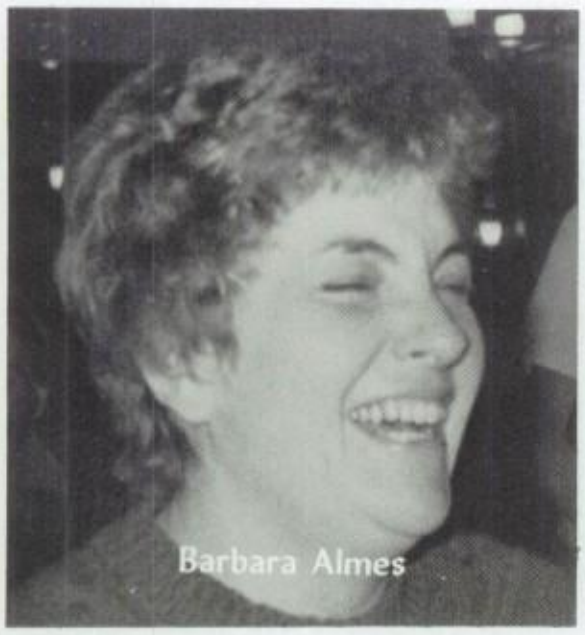
So alone . . .
Waiting beside an open door . . .
"What should I do?
Where should I go?
Whom can I trust?
Everything I do seems
A wrong move;
Every way looks
Impossible;
No one
Cares
Except for
Himself" . . .
But the door is open.



"Learning is a life-long process. Once learning stops, life stagnates." This is a philosophy Ruth Boscia lives by. For one semester every year she attends a night class to learn something new. Mrs. Boscia is occupied also with her family, her home, friends, books, animals, the ocean, and the beauty and quietness of nature. In the summer their cottage on the rocky coast of Maine is a snug retreat.

Mrs. Marjorie Steffens was born an optimist and remains that way despite many adversities. Mrs. Steffens will "never live long enough to delve into all my areas of interest." She will always remember her first airplane flight— from Cleveland to Chicago in 1944— "to join my husband in the Air Force—the start of my love of travel!"

English



Barbara Almes

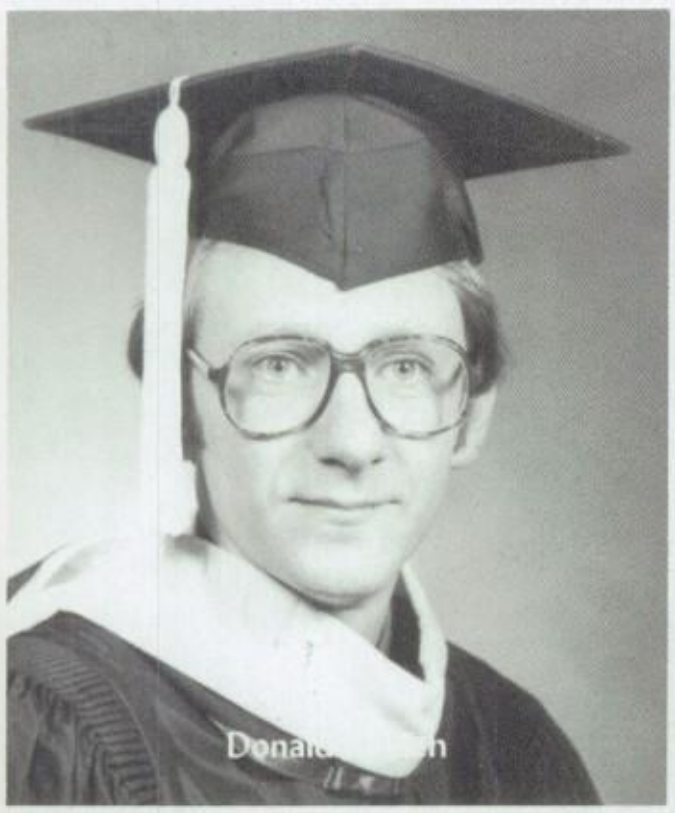
A happy childhood, enjoyable high school years, and loads of good friends and memories are just a few of the things that make Barbara Almes the winner of the best smiler award. Her philosophy is to "remain optimistic regardless of what is happening around you". Her personality and beautiful smile proves she practices what she preaches!

Candace Boelter

Cloudy skies in the winter and sunny skies in the summer are a few of Candace Boelter's favorite things. But before any skies comes her number one favorite . . . "My husband!". She enjoys a variety of sports and her dog "Casper".

Lillian Fortner

Growing up in Hawaii and raising a "healthy, handsome, happy, humble family" are a few memorable events in Lillian Fortner's life. But what makes her unique? "I'm different-just look at me!"



Donald Welch

His witty sense of humor makes Donald Welch totally unique. But he is serious in his philosophy that all there is to life is rhythm and sound. The rhythm of the human heart and the sound of laughter.

Susan Freed

Time with her husband and son on their farm is important to Susan Freed. She enjoys time at school, but eagerly anticipates snow days, too!

Kate Frazier

"My disorganization coupled with my discipline is what makes me unique. There's method in my madness- after all I'm a Gemini. I face two ways!" Kate Frazier proves her statement by being a super terrific and special teacher, director, yearbook advisor and person, and still having time for her family and Diesel Rabbit.

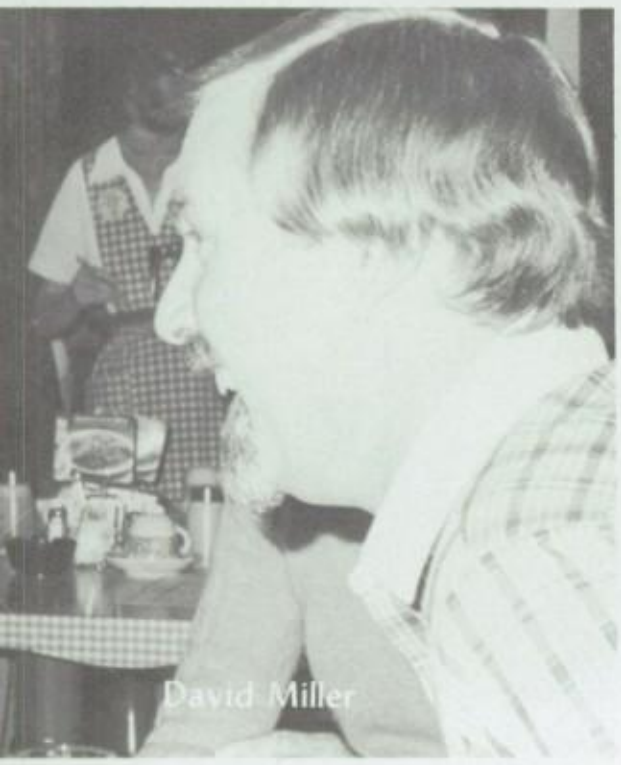
Russell Lewis

"Believe in God and have a good feeling about yourself and other people" is Russell Lewis's key to success. A man of refined taste, he enjoys good music, excellent conversation and good food. In his spare time he can oftentimes be caught around a body of water-swimming or boating. What makes him unique? He isn't afraid to be Russell Lewis!

Being born in a funeral home hasn't taken the life out of William Sterrett. He enjoys Luciano Pavarotti, lobster, his family and the great outdoors. He very cleverly admits that his fingerprints are what make him a unique man. His sense of humor just proves his philosophy that "while plunging through the thorns of life, don't forget to stop and smell the roses along the way".

Michael Vavra

An "eternal optimist", Michael Vavra happily enjoys a variety of sports including canoeing, bicycling, fishing and raquetball, and hobbies, from building furniture to collecting model trains. Among the most memorable events in his life was this year's winning football season!

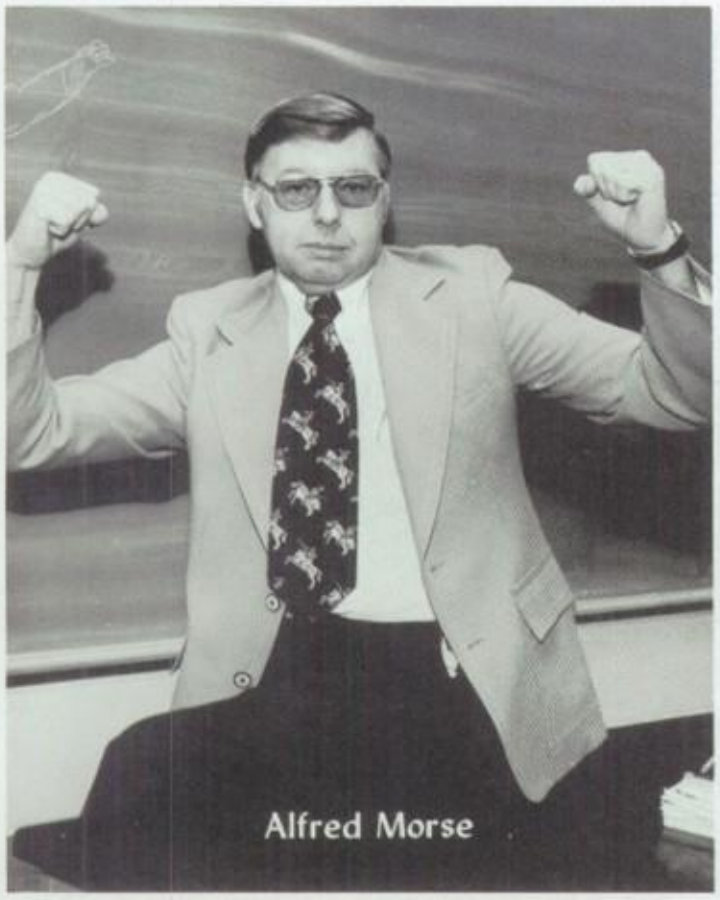


David Miller

Although David Miller left Revere in January, the memories of his kindness, generosity and sincere love for the students will always remain. Plunging into big projects was a characteristic he possessed. As a result, Quest became an important class that more and more students wanted to take every year. He also plummeted himself into the job of Lantern adviser. He was a teacher and a friend. We'll miss you, David Miller!

William Sterrett

math and science



Alfred Morse

It's a bird . . . it's a plane . . . it's Super Morsel! A terrific sense of humor and crop of red hair distinguish Alfred Morse from other "typical science studs"

A smile, a giggle and a smirk? It's probably Bill Beuchat. When not busy "figuring things out" in his math classes, he can probably be found doing a variety of things-but always enjoying himself!

Charles Stark

Lab Title - "Stark Wars"-The Life of Charles

Purpose- To relate some important happenings in my life to the possessor of this work.

Hypothesis - Anyone reading this report will undoubtedly fall asleep.

Procedures - To contemplate my life, and note some of my experiences.

Data - 1. Birthdate May 9, 1949. A six pound LOVABLE kid! 2. Early years- Educated at Fairlawn Grade School and Simon Perkins Jr. High School. Personal traits: quiet, inquisitive, intelligent, and a LOVABLE kid! 3. Later years- Educated at University of Akron where I met future wife. Graduate with B.A.E.d. Whew! Married on August 18, 1972. Started teaching nineth grade science at Eastview Jr. High. In 1973 I started coaching baseball. In 1975 I graduated from University of Akron with M.A.E.d. (Secondary School Administration). In 1975 I started teaching at Revere . . . still a LOVABLE kid! March 22, 1977 was the birth of my first son, Douglas.

Conclusions - Hypothesis correct. It's pretty easy to fall a . . . . . zzz!

Roy Bohlin

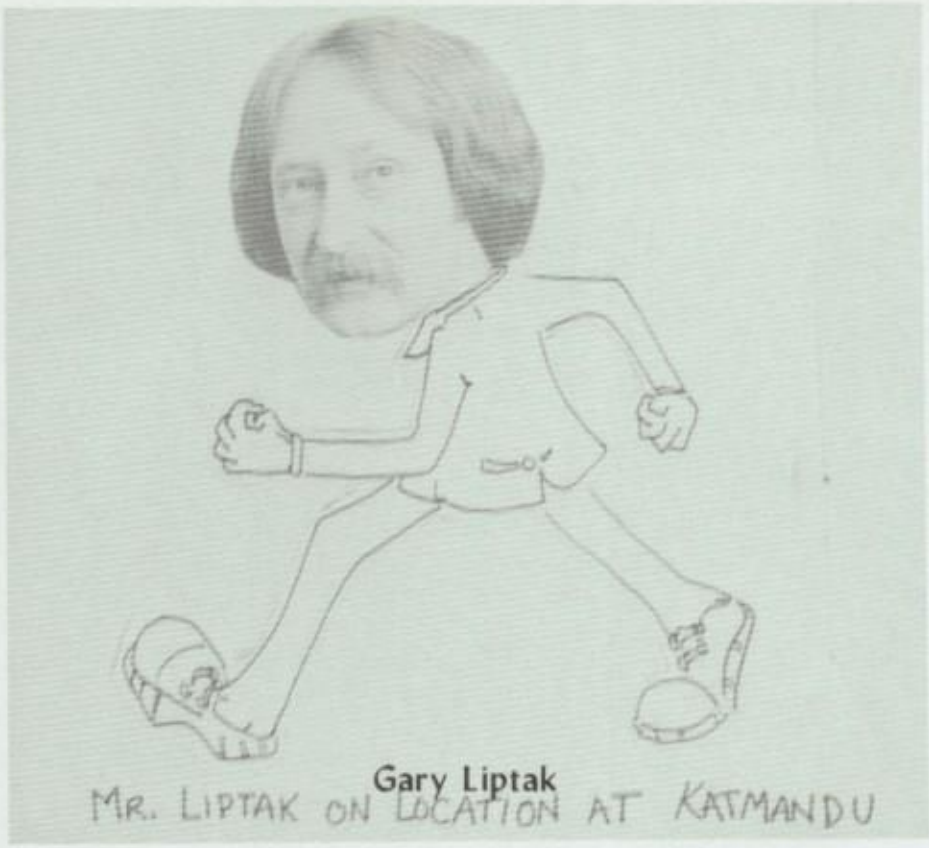
When not teaching chemistry, versatile Roy Bohlin enjoys crab legs, chess, Woody Allen, The Chicago Bears, grapefruit juice, Christopher Cross, Ionte Python, The Muppett Show, Coquilles St. Jacques, BLT's, JRR Tolkein, Steely Dan, pecan pie, M.A.S.H., sailing, Carl Sagan, Peter Sellars, crepes, Clive Cussler, Isaac Asimov, sports, The Rolling Stones, Taxi, *The China Syndrome*, Robert Ludlum, music, *The In-Laws*, Soap and last but not least . . . being remembered!

While students at Revere live the gospel of the three R's, science teacher Dan Archer prefers "The Four F's"-family, food, football, and friends. Ask him any day what philosophy he lives by, and he'll tell you, "The fear of the Lord is the beginning of wisdom and to depart from evil is understanding". What makes this man different from all others? His wife, of course!

Dan Archer

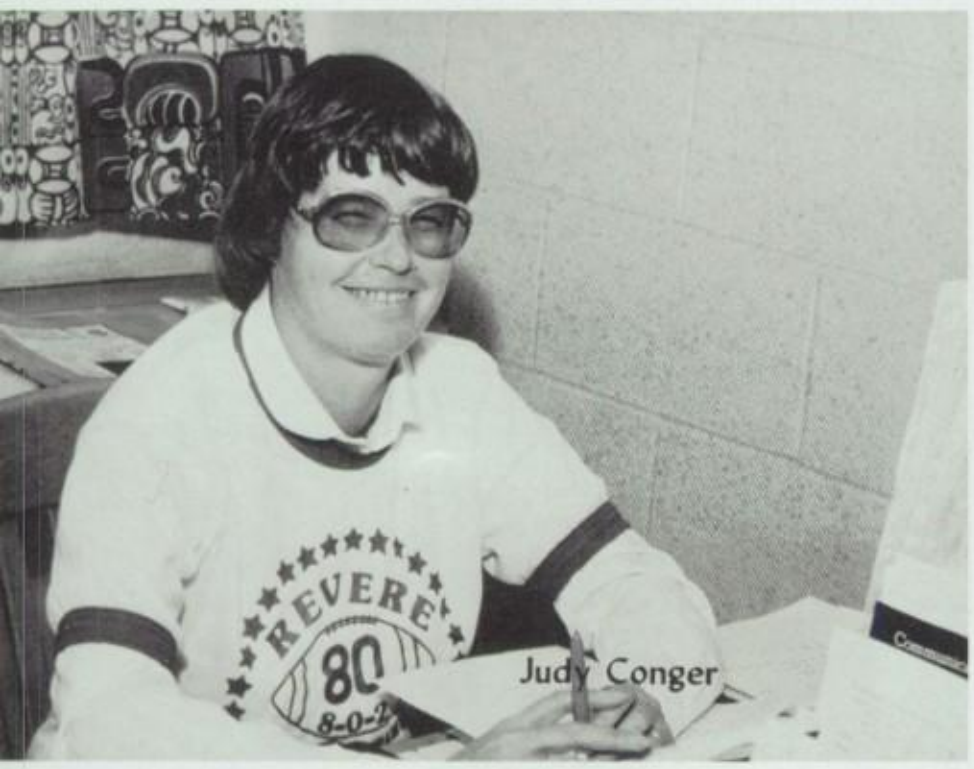
Jeff Gibson

When Jeff Gibson isn't teaching biology he is busy coaching the varsity baseball team.



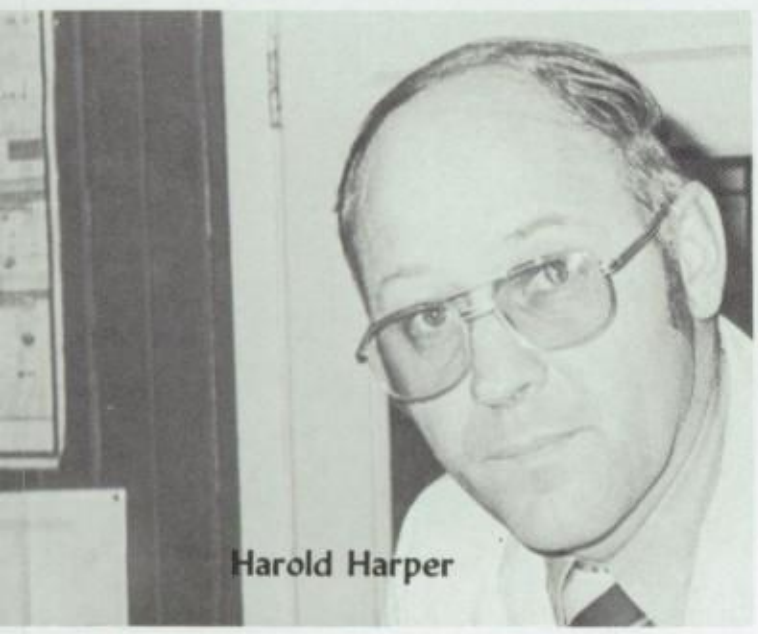
Gary Liptak

It's twenty minutes into the period, and Gary Liptak still hasn't shown? Well, you can bet he's on the scene at Katmandu! He's an outdoorsman and has more than once ventured out into the wilderness with his backpack, canoe and wife.



Judy Conger

Although Judy Conger teaches all about geometric shapes and algebra terms, her students can't deny that what they enjoy most in her class is the warm smile that greets them every day. Mrs. Conger joined the school system in 1967.



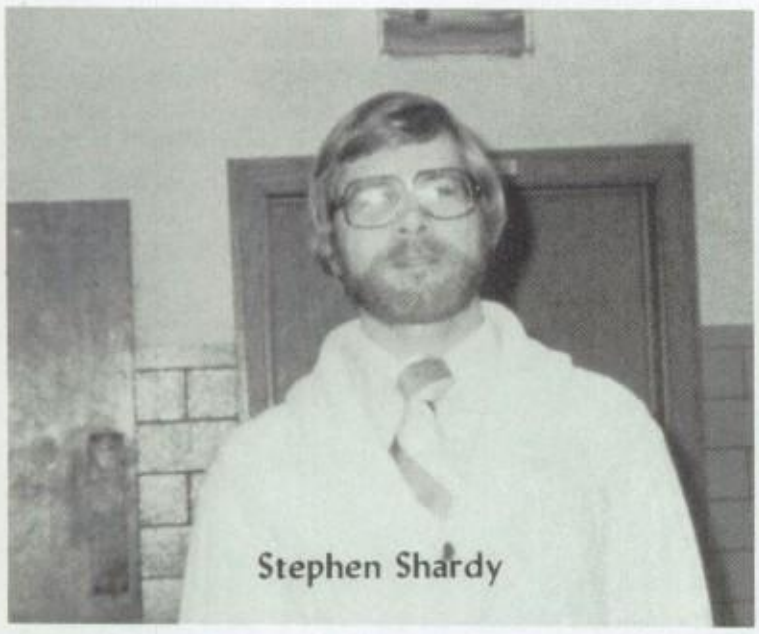
Harold Harper

A member of the Revere school system since 1963, Harold Harper has attended the Universities of West Virginia and Kent State. Among his hobbies are carpentry and gardening.

Eugene Pamer

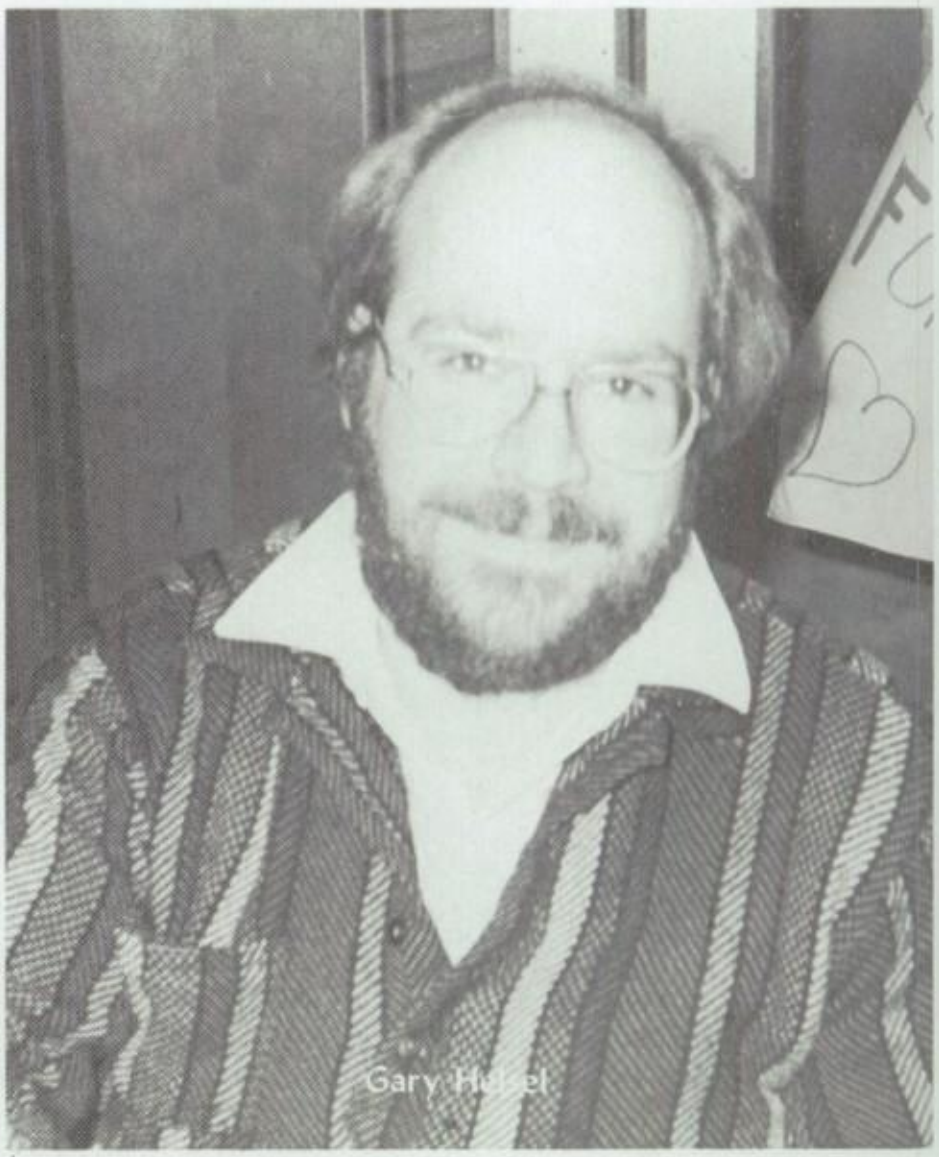
Reading tons of books is how Eugene Pamer manages to keep a straight A average in elementary functions. He has been teaching at Revere since 1960. Often you can find him in the computer room lending the computer some of his knowledge.

Math



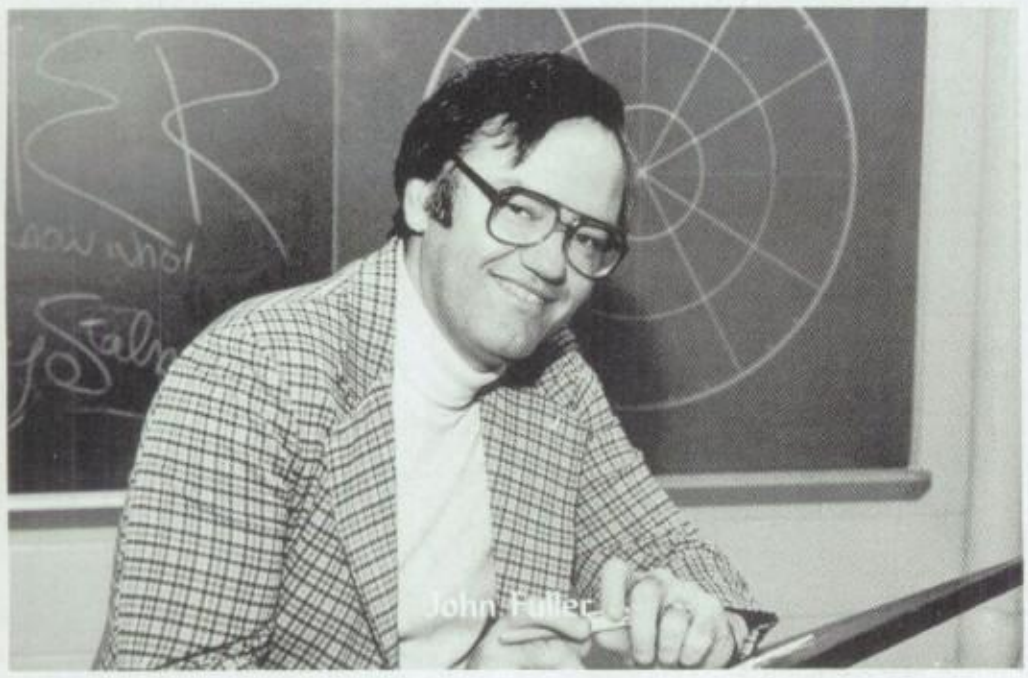
Stephen Shardy

A believer that "I'm an individual in the midst of 3.5 billion people," Stephen Shardy's favorite things are his wife, his daughter, and his friends. He enjoys working around the house, reading, Bible study, and playing golf. Someday he'd like to try his hand at cross-country skiing.



Gary Helsel

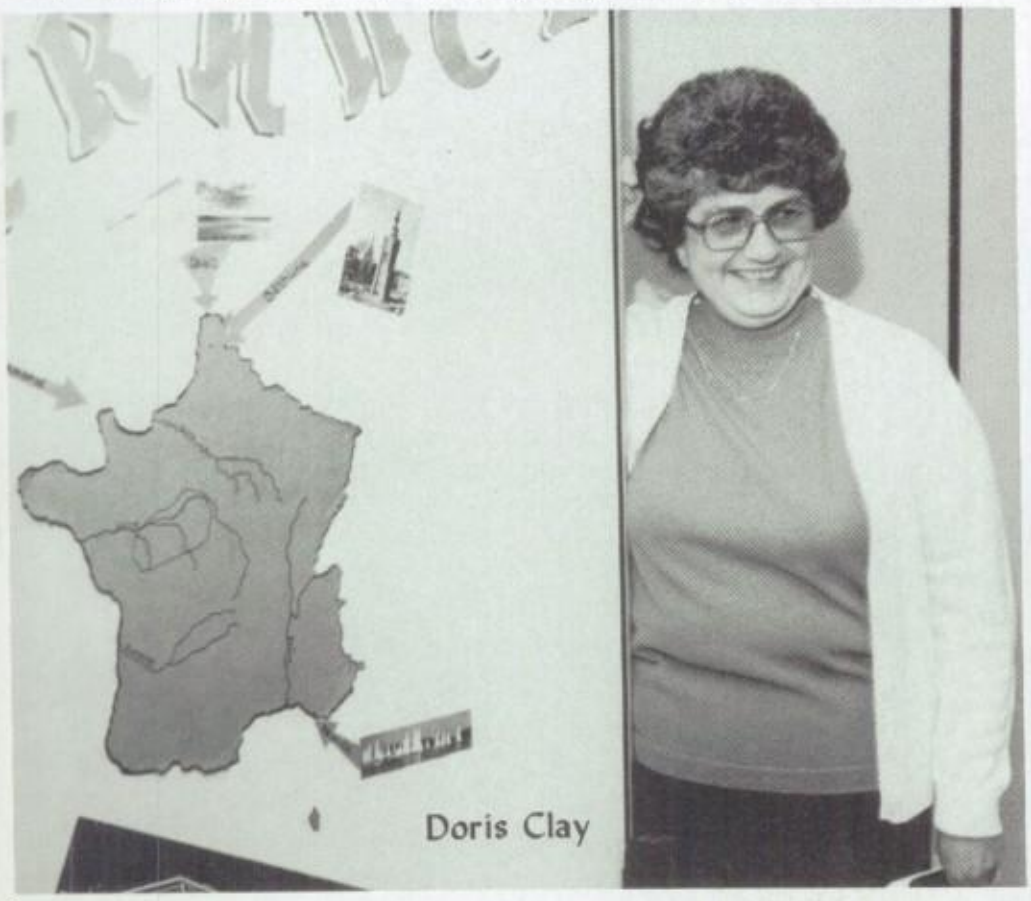
Sharing much of his spare time with his two children, Tom and T.J. is what Gary Helsel enjoys. He also plays bridge, bowls, watches NOVA, reads Scientific American and works crossword puzzles. Many of the students can testify that making people smile is another of Mr. Helsel's terrific talents.



John Fuller

Painting is what John Fuller enjoys when he isn't teaching mathematics.

A rare breed who appreciates the arts *and* the sciences, Doris Clay remembers seeing the Golden Gate for the first time and being thrilled. Since then she's traveled to Paris, Yugoslavia, and Mexico. Her words of wisdom are: "If you keep looking at your feet stuck in the mud, you'll never see the stars."



Doris Clay

Teaching algebra and coaching cross country keeps Sheldon Shimko busy, but someday he'd like to pursue photography and rock-collecting.

Language

Assisting Mrs. Shepherd in the library is Marcene Hartman. She enjoys a variety of indoor sports including being mom and wife to her family!

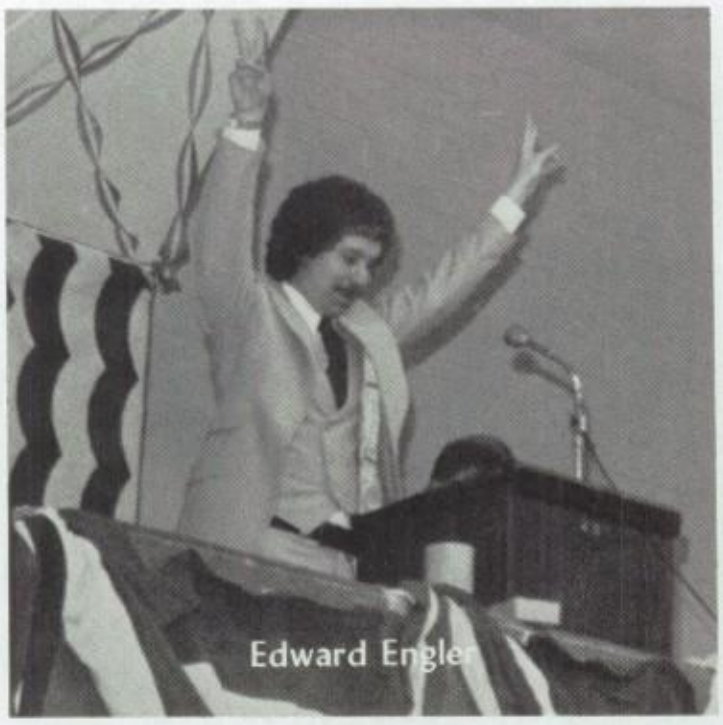
"I give myself very good advice but very rarely follow it!" Margaret Pristou loves bullfrogs playing their base fiddles and rain over a tin roof. She loves making things, writing (or "trying to write") going out to dinner, and reading Walt Whitman.

r very own Dorothy Shepherd is truly equipped for her as librarian. A theatergoer and avid reader hereself, s. Shepherd loves the students and most of the time can you whether "she does have that book"!

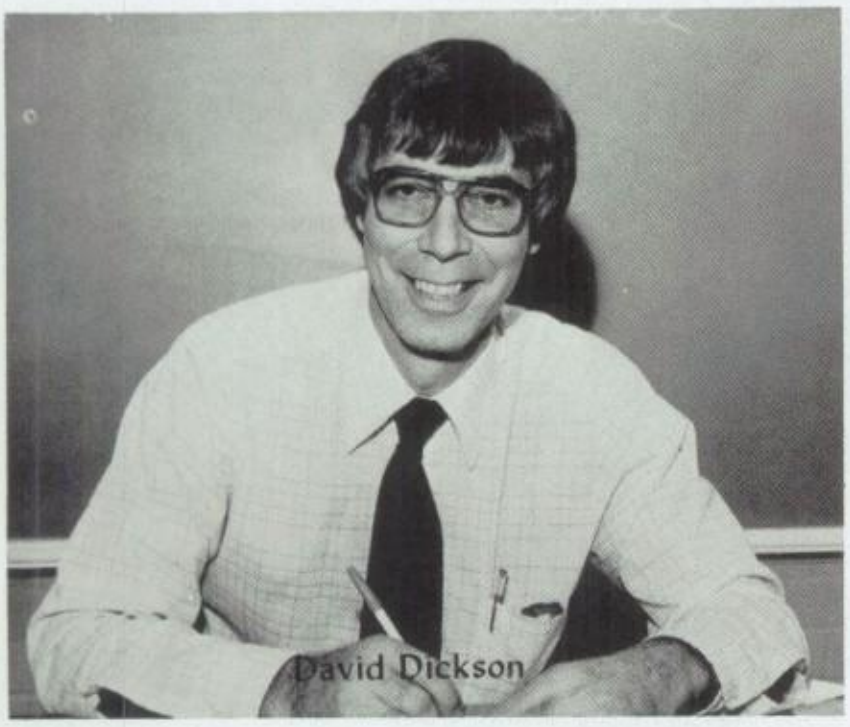
We tried to catch spunky Janet Earnest on her rollerskates, but she outskated us! An outdoorsy-sportsy person, she teaches German and French and loves spending time with her son.

Taking time out to teach Latin classes during the afternoon at Revere isn't an easy task for Janice Bidinger, wife and mother of a mini-football team.

Social Studies

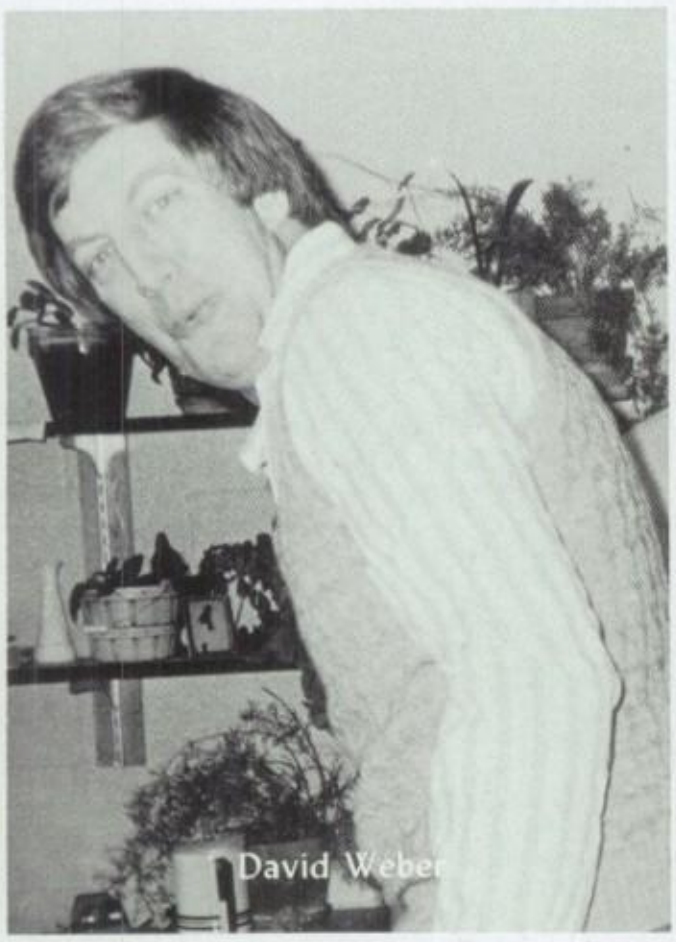


Teaching in England, living out of a van for two years, camping in the Grand Canyon, fiords of Norway and highlands of Scotland, and being a keyboard player in the Shurefire band make Edward Engler a particularly unique and interesting person. Oftentimes he surprises his classes with creative roads to learning, using ping pong balls and a little bit of imagination! His other favorite things are pop music, summertime and sports.

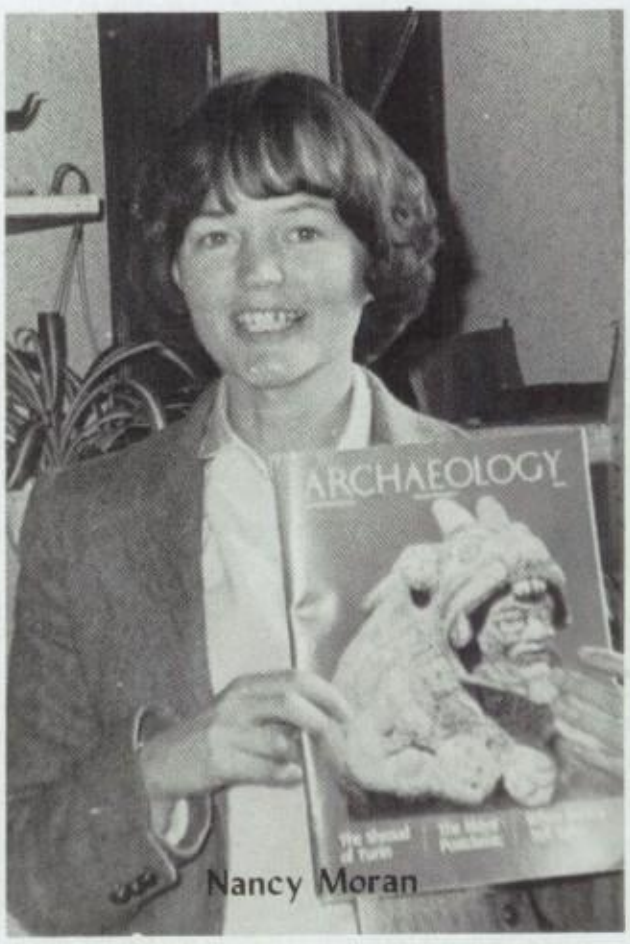


A Revere graduate himself, David Dickson hangs out in the history office when he isn't teaching his stuff!

Reading, reading, reading is what Ruth Bond likes to do in h spare time. She also enjoys doing volunteer work and visit family and friends. A unique patience and tolerance for peo make her a very special woman. A one-time disc jockey fo Florida radio station, her voice radiates warmth and co dence. Mrs. Bond's secret? "To thine own self be true!"



A strong believer in Peter Pan, David Weber likes drinking pina coladas and playing Candylane in his spare time. He is presently enjoying his newfound star status since P.M. Magazine.



"Don't do dumb things" are Nancy Moran's words of wisdom. She enjoys a variety of activities from traveling to napping under a warm afghan on the livingroom couch.

Having grown up in a family of three girls a seven boys, Harold Scott has a great und standing of kids at the high school level. enjoys traveling in his spare time.

Business

Marie Dittebrand

"A big fish on the end of my fishing line" makes Marie Dittebrand a happy woman. Widowed with four children to raise and educate, she recently married her second husband who also has four children. This remarkable woman enjoys dancing, traveling, camping, fishing, sewing, and a long walk on the beach.

Energetic Marilyn Woodling dons ice skates, skiis or hiking boots when weather permits. A few all time favorites of hers are cool, sunny days, fall foliage and flower gardens.

Marilyn Woodling

Robert LaSalle

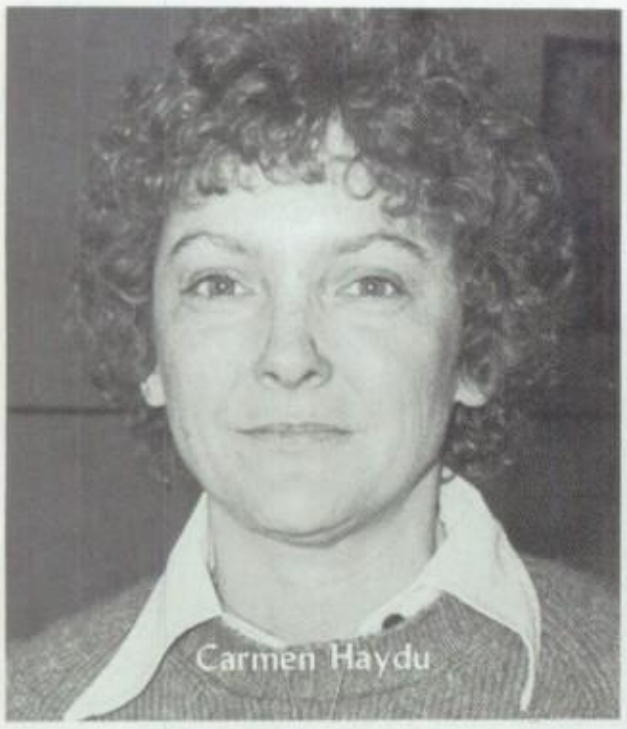
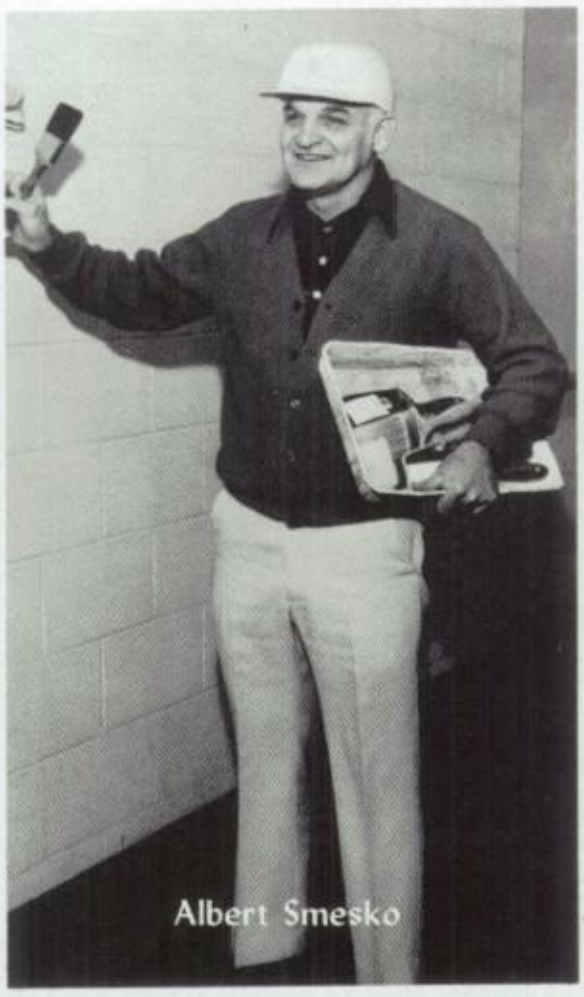
Not only a teacher of Distributive Education, Gary Deyling works the scoreboard at the home basketball games.

Gary Deyling



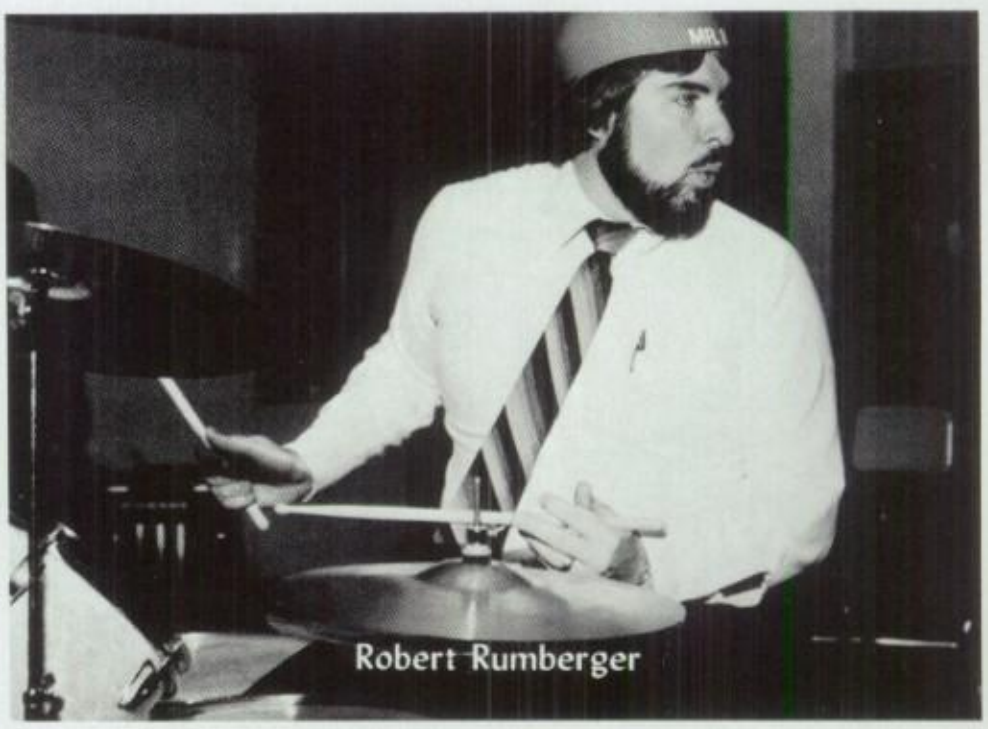
Usually donned in shorts and whistle, our phys ed instructor enjoys a variety of sports, musical theatre and nature. Her optimistic thinking makes her a terrific girls' basketball coach!



What makes Al unique? He was born a Smesko!! When not teaching and coaching basketball, he enjoys painting, spending time with his family and munching on steak and fries.

A busy man, Charles Walker enjoys pitching in whereever he is needed. School days find him in the art room and game nights find him selling candy to support student council. Domestic exchangers also enjoy him as advisor.

"Not everyone is crazy enough to teach you 16 year olds" is why Lana Cauffield attempts to, as driver-training instructor. A memorable event in her life was Marty Fortes's state championship in the nationwide driving contest. Her terrific personality has made her a favorite at Revere!



When Robert Rumberger, affectionately called Rummy, isn't directing the band, he is enjoying fine food in nice restaurants and weekend vacations. He loves teaching . . . and no one can argue that his love is reflected in his spark and enthusiasm that make him one of Revere's finest conductors ever.

Our spunky choral instructor *loves* life! She enjoys everything from singing and dancing to watching and listening. Eating is another favorite pastime, although her tiny frame doesn't prove it. "I love teaching music, of course, but I know that that's not the only thing in life and if I could get a message through to you while you're in high school, I think it would be . . . try new things!" There's only one Julie Nolin!

Mary Behanna

"Be a nice person" is what Home Ec instructor Mary Behanna always says, and that she is! Her sincere concern for people makes her particularly talented in her field. "Sitting on a rock on top of a mountain in Yosemite Park and feeling as if I could touch the sky" is one of the most memorable events in her life.

Nola Scott

"Do what your head tells you is right and what your heart will feel good about later". Following her own words of wisdom, Mrs. Nola Scott teaches marriage and family home economics and in her spare time enjoys traveling, sewing, cooking, and being with her husband and two sons. Some of her favorite things are Thanksgiving and Christmastime with family, and the color blue.

A sunny day on the lake might find Jean Lueptow abandoning her paint brushes and climbing aboard deck. She and her husband enjoy racing and pleasure cruising their boat around the shores of Lake Erie. A few other favorite pastimes are music, art (of course), and spending time with the family cat "Fluffy".

Revere Band Comprises Dedicated Musicians

This year's marching band put on a new face. Under Mr. Robert Rumberger's direction the band increased its tempo and executed more intricate drills. This meant a flashier look for the band plus an opportunity to show off their true ability. But this new look for the band did not come by magic. It was the product of many long hours of hard work. They practiced on Thursday nights during football season even though the financial bind prevented the field lights from being lit. Some members directed their car lights onto the field or even taped flashlights to the hats!

The band also had many successful performances throughout the year off the field. They participated in the World Series of Golf ceremonies, the Nordonia and Band Shows, the Memorial Day Parade, and a show at Geauga Lake. The Revere Band is a very high-spirited, hard- working, and dedicated group of musicians who deserve every bit of recognition they get. Revere certainly should be proud of its band.

Pep Club Stirs Spirit

Who were those people creeping around after school was dismissed, hanging up posters and streamers? Who thought up those spirit-arousing assemblies? Who were those people selling all those pins, buttons and ribbons? Why, who else could they have been but the pep club members. Those mild-mannered students by day were transformed into the energetic pep club at night. When students arrived at school in the morning and wondered how all those streamers and posters got where they were, well . . . they should have known their friendly school pep club put them there.

Laurie Aulino, the enthusiastic president of this club, did her job quite successfully this year. She not only managed the whole club, but she was the one who had to speak up in front of everyone at our pep assemblies.

Student Council Works For Students

The 1980-81 school year saw many changes in the Student Council; the constitution was suspended by student vote to change from elections to petitions. This increased the size of the council by about 20 making the size now about 72.

The council was successful in getting the vending machines into the cafeteria and selling doughnuts in the morning to all those hungry students who missed breakfast. Monies were supplied to the library to purchase magazine subscriptions for the students. A bronze plaque was purchased by the Student Council to commemorate the service of Mr. Gordon Knapp. This plaque will hang in the new addition to the gymnasium which will be dedicated to Mr. Knapp. Among the many other things that the council did, they planned some social events. Unfortunately these did not work out well due to lack of student support The Student Council realized that it was not getting the student support it needed and came up with some new ideas for next year.

NHS Honors Members

Revere's National Honor Society had another successful year, thanks to a large group of new inductees. The year began in November with a candlelight ceremony at Tangiers to induct 15 juniors and 8 seniors. Bud Mangels, a candidate for the Ohio Congress, was the speaker at the banquet. To become members in NHS, students had to exhibit good scholarship, community service, leadership, and character. Throughout the year NHS members were called upon by the teachers to help other students in their classes. The year concluded with the induction of 3 seniors, Glenn Keiper, Kathy Benjamin, and Barb Cinadr, and the transfer of another senior, Sandy Dougherty, from another NHS chapter to ours.

NFL Encourages Imagination

Every Saturday at about 9:00 A.M. this year an insane murderess killed her two sons; just about the same time in another room an irresistibly adorable child rearranged the peas on her dinner plate. The Revere National Forensic League breeds such people, the kind that wake at 5:00 in the morning with bad breath and butterflies and fall into bed at 6:00 P.M. with first place honors. For the second year in a row junior Beth Merrill qualified for national competition in humorous interpretation. Senior Dain Paige placed first in the State of Ohio with his prose and poetry piece. The team is coached by Lorraine Merrill.

"And I Can Sing!"

A fine way to begin the school day was singing in choral classes. Miss Julie Nolin, Revere's vocal director, day after day, sent revived, energetic students on to their next classes. The choirs' daily concentrated effort earned rewards. Many members of both the freshmen and symphonic choirs attended the Ohio Music Education Association Solo and Ensemble Contest at the University of Akron, and they received superior and excellent ratings. The freshmen chorus also participated in the OMEA Contest and received all excellent (II) ratings on its performance. In March at Firestone High School the symphonic choir competed in the OMEA Choir and Band Contest, and it received superior (I) ratings from all three judges. These ratings qualified the choir for the State Contest at Akron University. At this contest the choir received all excellent (II) ratings for its performance. The choirs' spirits sang with their successes this year.

Thespians Lose Their Theatre

The year was bittersweet for the Revere Thespians. As the year progressed, they could see to the south of the building a huge hole slowly developing into the brick, concrete, plumbing, couterweight system, cat walk, and lights of a beautiful, large, new theatre. With anticipation they tried to envision the first production there. At the same time on April first their cozy home of almost twenty-five years was closed for reconstruction for the choir and the band.

The Thespians were sentimental in saying goodby — to a real Carousel with twinkling lights, to the hiding place of Anne Frank and her family, to the quiet garden of the *Mikado* (quiet until it became full of music), to the attractive parsonage of the Toops, and to Animal Farm with its sinister masks. In the fall of '81 the Thespians, headed by Chad Kayuha, president; Chris Becker, vice president; Vickie Garrett, secretary; and Bill Lester, treasurer, look to a giant step forward in the theatre arts.

Cheers To Everyone!

Cheerleaders had a lot to cheer about this year, and cheer they did. The year started out for them last spring with tryouts. A long summer of practicing followed, including a week at a cheerleading camp where they learned chants, cheers, and pom-pom routines. Varsity took first place in the end-of-the- week competition at DCA camp.

By the time football season started after a summer of practice the girls were all set to get the teams and the school psyched for victory. Trinkets, pep assemblies, practices, decorations for the school . . . . . the cheerleaders did everything they could to help cheer our teams on to victory. Just when all the teams had finished their seasons, the cheerleaders prepared for tryouts again and another year of cheering.

Laura and Magie keep everyone at the pep assembly feeling light-hearted.

Art Shines At Revere

Art Club might not have been the largest or best-known club at Revere, but that did not stop its dedicated members from having a beneficial and productive year. The basic function of the organization was to enable students to do artwork that they would not otherwise be able to do. They held several workshops and participated in a safety project with the Richfield Police Department. The year was also an educational one for these very artistic and gifted students as they made field trips to Akron University and the Akron Art Museum.

Even though this year's *Lantern* started slowly and ran into a road block when Advisor David Miller left at the end of the first semester, the enthusiasm and wittiness of the staff won over their new advisor, Mr. Donald Welch. His busy staff and Mr. Welch produced nine issues in the second semester. They improved the school's morale and spirit with their well-written articles, humorous cartoons, and personal section. For instance, remember how "prepped out" we were when it became "the style"? Remember what a thrill it was to write about a fabulous, exciting, winning football team? *The Lantern* also contributed to the passing of the school tax levy with its articles on the background of the levy, presenting the district's need.

The Lantern kept up with the current trends and events that affected the students of Revere High.

We Dream Of Faraway Places

Revere's American Field Service had another successful year under their new advisor, Mrs. Janet Earnest. This year Revere welcomed two year-long exchange students, Oscar Gibbons and Beatrice Hirsch from Chile and Switzerland, respectively. Oscar's twin brother, John, joined us for the second semester. Several Revere students travelled abroad last summer. Tracey Nobil and Heather McDowell both spent several weeks in Turkey while Rachel Taber visited Sweden and Tracy Hieber spent the summer in the Dominican Republic. While these Revere students were abroad, the Bath and Richfield communities shared the experience of hosting 36 AFS students from various countries for five days before these students departed for their own countries.

Will you please come to the aid of . . .?

Doing all those little important jobs that needed to be done this year was the appointed duty of those gallant defenders of administrative organization, the various aides. Their fast thinking, good organizational abilities, and knowledge of whatever field they aided enabled them to do jobs far beyond those of ordinary helpers. Who graded those quizzes — an aide; who ran the game — an aide; who knew a student's whereabouts — an aide; who stamped that card — an aide; who made the computer spout numbers — an aide; who took the TV where it should go — an aide — an aide — an aide! As their fantastic powers lasted only a period, there were many of them assigned to each of the various inter-galactic liasons, Mrs. Steffen, Mrs. Berka, Mrs. Shepherd, Mr. Pamer, Mr. Ost, and Mr. Welch. Without these gallant avengers Revere would soon fall prey to the evil forces of disorder.

Get Set For Adventures

The Dungeons and Dragons Club at Revere was started this year by freshman Brian Bunin. The club consisted mainly of warlocks, fighters, and thieves who were in real life actually freshmen, sophomores, and other miscreants. The club met on Tuesdays and Thursdays in the freshmen study hall. Creating characters and killing monsters came naturally to these adventurous players as they whiled away the hours after school, at least until four o'clock. This game proved addictive to its players who sometimes neglected their homework for the game. Rolling odd dice, searching for magic swords, committing oneself to an adventure were all part of this abosorbing new game.

Domestic Exchange Picks A Georgian Peach

Thomasville, Georgia was the site of this year's very successful domestic exchange. Thanks to careful planning by Mr. Charles Walker (advisor) and Jerry Colonna (student coordinator), both the visit from the Georgians in early February and the trip down south in April were educational experiences for all those involved. The exchange gave students an opportunity to see different people, places, and cultures in America. Revere students visited Tallahassee, Florida, saw a Rose Parade, and toured a pig-slaughtering factory, something they all will not soon forget. All in all, it was a profitable exchange resulting in many happy and close friendships that will last for years to come.

Practice Makes Perfect

Perhaps some of the best programs at Revere are the work-study programs. These programs are available to students in their junior and senior years. Not only do the programs prepare a student for the reality of working to earn a living, but also they offer experience in the student's special field. Revere has several of these study-work programs.

First, students might have enrolled in the Brecksville Vocational School which offered them training in fields as far apart as auto mechanics and dental techniques or horticulture and hairdressing. The students spent half-a-day at the vocational school and half-a-day in academic classes.

Another effective program was COE (Cooperative Office Educational) under the direction of Mrs. Marie Dittebrand. The class spent the morning learning secretarial skills and in the afternoon they applied those skills in various jobs, and when they graduated many could simply continue their jobs — a ready-made hold on the future. Mr. Gary Deyling's DE (Distributive Education) students and Mr. Mulrooney's OWE (Occupational Work Experience) students were placed in employment while at the same time they worked for their high school diplomas. After two years of an in-depth look-and-learn program these students were equipped with the knowledge to do whatever they do with skill and experience — to be the best.

"Oh, that's just the cast of 'See How They Run' doing another one of their promotional stunts."
"Running through the cafeteria?
"Sure, don't you get it? 'See How The RUN?"
"Oh yeah, I see. Is it any good?"
"It sure was. As a matter of fact, I saw it twice last weekend."
"Why twice?"
"I wanted to see both casts. You see, so many talented girls tried out for parts that Mrs. Frazier, the director, decided to have two casts of girls, to give more people a chance."
"Well, what's it about, anyway?"
"Okay, picture this. You've got a cockney maid, an American soldier, a Russian spy, an actress, a busybody, a bishop, a sergeant, and a handful of reverends running through various doors of an English vicarage. Got it?"

Beauty is something that begins on the inside

Homecoming comes only once a year, but the makings of a Homecoming Court are a "24-hour-a-day 7-days-a-week" job because real beauty is a wonderful talent inside a person that grows every minute with time and experience. It's maybe smiling at a frightened face in the hall, whispering something fine about another person, being contagiously enthusiastic and terminally energetic. It's making people feel like people!

It sounds like a tremendous task. But that is what makes it special; it isn't a tough job. It comes naturally from the heart — a smile, a tear, a giggle, a hug; *not* globs of make-up, high heels; clothes and money.

Our 1980 Homecoming Queen Laurie Aulino sparkled with real beauty. Her enthusiasm and love for whatever she got herself into set an example for all of us; busy and happy and loving life, making a true effort to find a friend in everyone.

Singers Perform

The Vocal Music Department was very successful this year. The fall program was centered around a country-western theme and featured selections from "Annie Get Your Gun".

The Christmas program was highlighted by a performance of the "Hallelujah Chors" by the combined freshmen and symphonic choirs and former choir members who have graduated and returned to sing.

The Revere Singers sang at a number of community events and the "Evening of Jazz" program held at Eastview in April.

The spring program, "Celebrate in Song" featured a "fancy dance" by the whole chorus.

But the most sentimental performance, at least for the seniors, was at the Revere Commencement. In their caps and gowns the seniors joined the symphonic choir for the last time to sing the moving "You'll Never Walk Alone" and "Joy in the Morning". The rich, melodic sound of the choir singing these songs climaxed an excellent year.

Variety Show Is Fantastic!

This year's variety show was one of the most exciting, energetic, and successful shows in Revere's history. In this take-off on "Fantasy Island" students lived their wildest and craziest fantasies. Chad Kayuha as Mr. Roryk and Anthony Hermann as Tatoo headed up the cast of characters.

The tours for Fantasy on Stage were set for March 6th, Friday and 7th, Saturday. We chose to go on Saturday. We all rose bright and early Saturday morning and decided to make a day of it. First on our agenda was "Breakfast at Bob Evans." We enjoyed our juicy sausage links, but the waitresses hammed it up a bit. Next we decided to spend an "Afternoon in the Park". We saw Dave Cowen and we all said "Hello."

Kathy Whitt and Mandy Barker sitting on a park bench were two "Lonely People" thinking that life had passed them by. Beth Howard strolled by day-dreaming aloud "Wouldn't It Be Loverly" to have a "2000 Man". A few macho men passed us; they were jogging on their way to the YMCA which was just around the corner. We saw Bill Deaton with his "Lady". Leaning against a tree we recognized Jerry Colonna and Anthony Hermann. When we asked them what they were doing, they replied, "Oh, just 'Hangin' Around' "

It was getting late so we made our way to our car. We spotted Tracy Walker and Jill Devendorf on a bank caught in a "Landslide". Once in the car we turned on the radio. The Dave Lewis Band, The Prisoners, were singing "Jailhouse Rock" — a good ending for our fantasy.

"Well, I suppose that's cleared up then. Have you heard anything else about it?"
"It's supposed to be very good. Instead of acting all the parts out, they are presenting the play in readers theater style — reading all the parts."
"Sounds neat. Is it really going to be the last play in the old theater?"
"Yeah, but they're going out with a bang. This play is going to be good."

Music Holds Sway

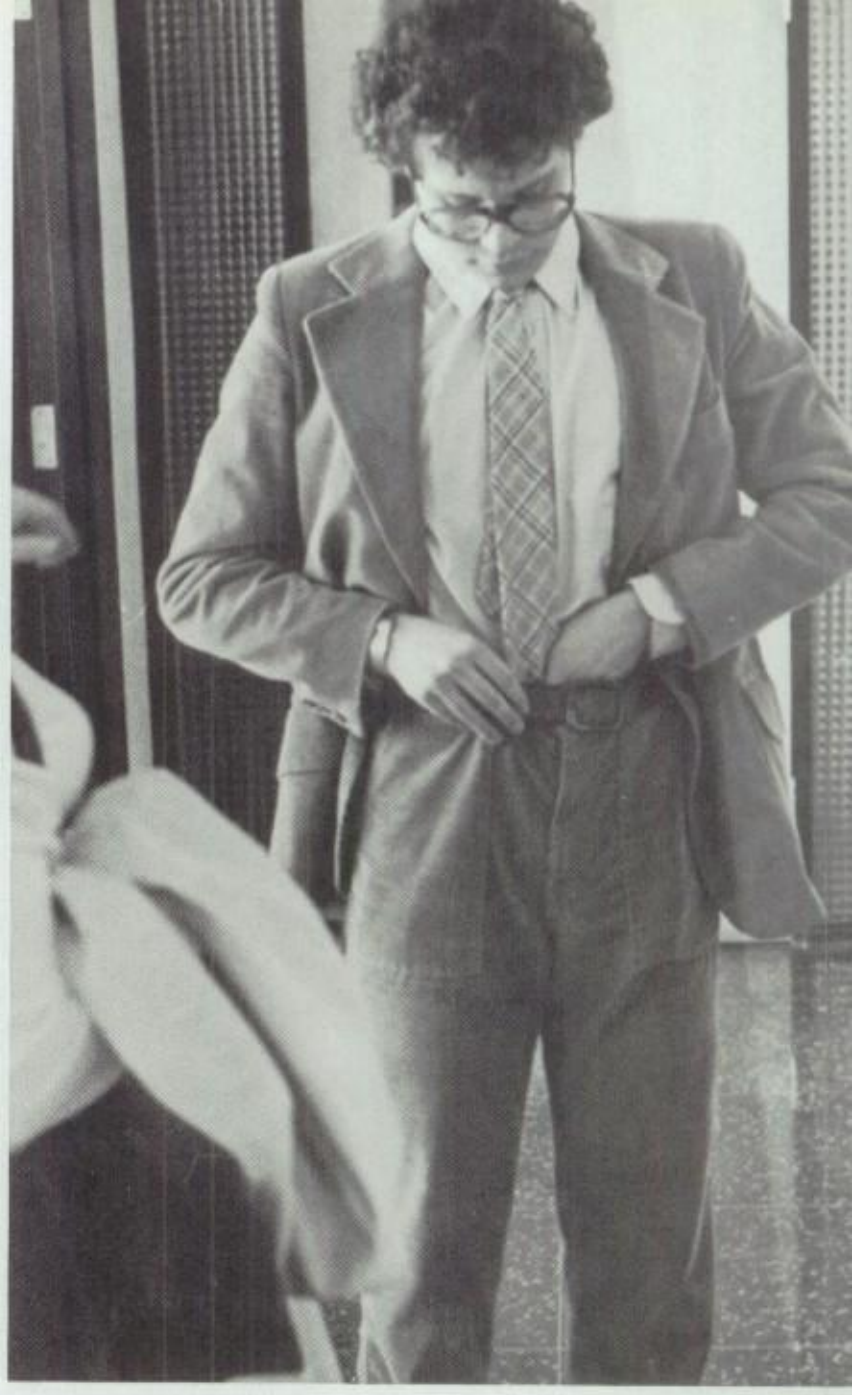
The Jazz Ensemble consisted of twenty-three members who were required to audition for their positions in this excellent ensemble.

Performances of the Jazz Ensemble included an appearance at the Winter Band Concert on January 27, assembly performances for Revere, Eastview, Richfield, and Bath schools on March 26; and the installation of the Bath Volunteers at the Portage Country Club on May 8th.

The highlight of the year was the "Evening of Jazz" held at the Eastview gymnasium on April 25. The evening began with a complete lasagna dinner, followed by a concert consisting of selections from Broadway musicals, Big Band Swing, Dixieland, and contemporary/pop. Joining the Jazz Ensemble were the Revere Singers, Eastview Singers, a barbershop quartet and a Dixieland band. Mr. Rumberger felt that the Jazz Ensemble this year developed a broader understanding and a more polished performance of many different styles of Jazz.

Mr. Robert Rumberger, instrumental music director, stated that both bands played more musically this year as a result of total improvement of musicianship. Mr. Rumberger was pleased with the expanded range of instrumentation and felt that this helped to improve further the quality of the band. Both the Symphonic Wind Ensemble and the concert band performed a winter concert January 27, a contest concert in March and a spring concert in May. The Wind Ensemble received an excellent rating at the Ohio Music Education District Contest held at Nordonia High School on March 21. Sounding rich and full, the Symphonic Wind Ensemble and the concert band combined their musical efforts on May 31 to perform at the annual commencement ceremonies.

Revere Meets Challenge



After a one year respite, Revere once again had a Academic Challenge team. Competing against Cen tral-Hower and Magnificat, the team took first place in an exciting match. Though the TV show was the climax of the year, the team's practices were a least as much fun. The advisor, Mr. Morse, did try t keep the team on track, but joking and kidding around often prevailed. Senior captain Tom Hanlon Jerry Colonna, and junior Carolyn Ovaitt served a starters for the team while seniors Jill Devendorf Mike Adolph, and Bruce Thompson were alternates At the awards assembly later in the spring all mem bers were given varsity letters and two 8 by 1 glossies from the show.

It's Good To Be Appreciated

Everyone enjoys receiving concrete evidence that he has done something well. Thus, awards day is a happy day at least for those who win. This year awards "night" became "day" (May 15) so that juniors and seniors could attend the ceremonies. Many pleased parents came as well. Among the awards given were: ROTC scholarships (Tom Hecmanczuk, Jerry Colonna): Bob Lowe award (Tom Hecmanczuk); $500. Senior Class scholarship (Jerry Colonna, Dawn Snyder); $125 scholarship from Student Council (Jerry Colonna, Debbie Pica, Laurie Piskac); '00. Rotary scholarship (Kathy Wright); $500. Bath-Richfield Kiwanis scholarships (Chris Shoemaker, Robert Jones); Revere Education Assn. Award (Wendy Wallis, Scott Kacic). Awards are satisfying.

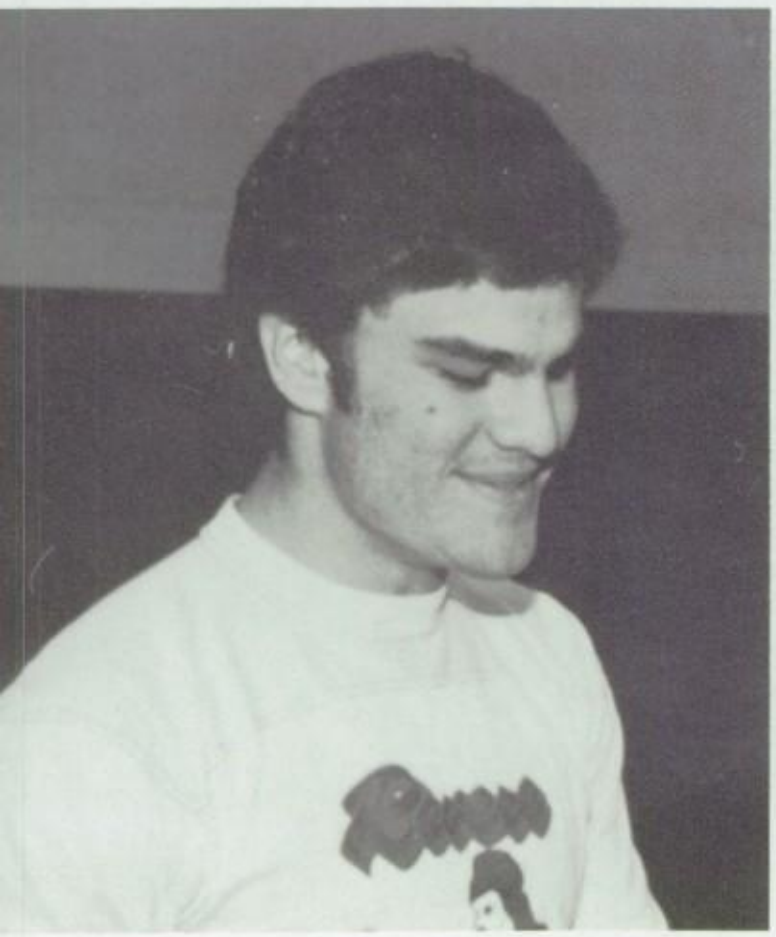
Lynn, Jerry, Laurie, Tom Are The Big Winners

Lynn Devendorf and Jerry Colonna are the woman and man of the year. These two awards are determined by the senior members of NHS and the faculty who try to chose a senior boy and girl who have achieved the most in high school for their community, for their school, for their classmates, and for themselves.



Laurie Aulino and Tom Hecmanczuk won the Chrysler Youth awards given to students in public and parochial schools in Summit county. Character, loyalty, leadership, activities, reliability and scholarship of these students are the qualities judged by the senior class and the faculty.

Death hides in hesitation
Death springs forth in spurts
Death holds fresh pearls beyond price
on a string
draws into darkness
Nothing out of black
No calling back; no Proserpina
For winter's cold and grey is all of
summer.

Feel shock
Feel grief
Feel anger!

This should not be!
Why must this be!

When it comes to the little things, We're Very Fussy Cleaners.

When we notice a split seam or a loose button, a cuff or a hem coming down we fix it. You probably never even knew about it . . .

We're masters of detail . . . removing lint and loose threads, or unsticking zippers, rolling lapels unwrinkling wrinkly linings. We know that little things often make the big difference in how your clothes look and feel. And that difference could be what keeps you coming back

THE TAVERN OF RICHFIELD

For elegant country dining, a choice continental cuisine and a well stocked cellar of vintage wines, this is the place. A sumptuous two-story landmark, built 100 years ago, it has been restored to its former splendor. Peter Girardin is the master chef who spares no detail in meticulous cuisine and service. Guests have a choice of several attractive eating areas . . . THE RESTAURANT for luncheons, dinners and late suppers after the game. THE SALOON where generous libations are served from an antique backbar. THE WINE CELLAR - prime rib and salad bar, shrimp and raw oyster bar, beef and cheese fondue. COUNTRY PATIO serving charcoal grilled specialties out-of-doors. SUNDAY BRUNCH with waffles prepared tableside. THE GRAND BALLROOM for gala affairs.

Reservations a must.

It's time you gave us a talking-to.

Congratulations to the graduates. And now we think it's time to sit down for a chat...with you doing the talking.

At The Firestone Bank, we'd like to know about your plans for the future...college or a job. In either case, we can advise you on how to make the coming years more pleasant by starting a banking program designed just for you.

You're invited to stop in at any of our convenient banking centers and talk with one of our people. You see, we understand young people's needs...because we listen... and we listen hard.

The Firestone Bank

The good listeners.

Rivers belong where they can ramble
Eagles belong where they can fly
I gott be where my spirit can run free
Gotta find my corner of the sky.
